Some Changes Made **In Rationing Points** For Month Of Aug.

Some changes in rationing points for the month of August were announced Wednesday by the OPA, which also pointed out that August-s blue stamps will be good until September 20, overlapping the September stamps by some three weeks.

Point values of tomato juice and many frozen fruits and vegetables will rise in point value on August 1. Frozen fruits and berries increase as does frozen green and lima beans. On the whole, however, the ration point averages for all foods will remain about the ame.

It was announced the increase in point values was the expected trend now that the 1943 crop of these foods is coming to market. Earlier in the year when warehouses were jammed with 1942 pack and space was needed for the oncoming 1943 crop, OPA cut point values temporarily to facilitate sales of last year's products.

It was pointed out that by making the August stamps good until September 20 the amount of food that can be bought will remain unchanged but that the plan will do away with dropped and heavy loss was suffered forcing housewives to rush to buy foods in order to save stamps.

Including the value changes was the announcement that butter will also advance in point value by two points per pound.

July War Bond Sales In Perquimans Still Lags Chairman Says

County during this month are still lagging behind the quota, according to R. M. Riddick, chairman of the local war finance committee, who stated Wednesday, "unless citizens of the county buy heavily during this week-end, we shall fail to meet our

The county's quota for this month was set at \$19,110 and incomplete figures thus far show sales far below this amount.

If local residents fail to buy sufficient bonds during July, it will be the first time in many months that Graduated From Perquimans failed to meet its war bond quota and the local committee, proud of the record established by the people of this county, are hoping there will be a sudden rush of buying during the final days of the month so this record may be maintained.

The committee urges people to buy bonds regularly and to make every attempt to help put Perquimans over the top again this month. Every bond bought now help bring the war nearer its end.

MASONS TO MEET Visiting Itasons are invited

Construction Work Expected To Start As Soon As Location Is Chosen

The priority for constructing thirty-five new houses in this community has been awarded to Richard Player of Fayetteville, according to a message received here late last week by Mayor V. N. Darden, from Aubrey ficial of Greensboro.

The project was authorized for this community two weeks ago by the ington, and it was believed at that time that a local realty company obtaining the priority and construct ing the houses. Preliminary plans were being considered by a local group when Mayor Darden received notification that Mr. Player had been awarded the priority.

It is understood that Mr. Player will have charge of construction of the houses and work will begin just as soon as the company obtains a suitable location for the project. It has been reported several plots of land have been investigated by the company, but no decision had been reached up to the time The Weekty went to press.

In addition to the thirty-five new units, the Federal Housing Authority also authorized fifteen conversion the work by contacting the State Ronnie Taylor paid a fine of \$10. The new policy on coupon endorse- Federal Housing Authority, Green-
