LET Potash

GROW MORE CORN FOR YOU

By the use of plenty of plant food and other good practices, it is now being demonstrated that high yields of corn can be grown on most soils in the South. It takes 1 pound of potash to grow 1 bushel of corn. Are you sure that your soil can supply the potash for the yield you want to get? Consult your official agricultural adviser about having your soils tested to see how much available plant food they contain. Make sure that the fertilizer you apply contains enough potash to get a high yield.

Write us for free information and literature on the profitable fertilization of crops.

Lady's Stomach Was Like A Gas Factory; Meals Turned To Gas

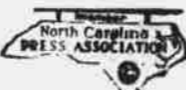

One lady said recently that her stomach used to be like a "gas factory!" That is, when she ate a meal it seemed to turn right into gas. She was always bloated, had awful stomach gas pains, daily headaches, and constant irregular bowel action. Now, however, this lady says she is FREE of STOMACH GAS and she says the change is due to taking INNER-AID. Her meals agree with her. No gas or bloating after eating. Headaches and constipation are gone. "Oh! what relief!" states this lady. "Why don't other gas and constipation sufferers get INNER-AID?"

INNER-AID contains 12 Great Herbs; they cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering! Get INNER-AID. Sold by all Drug Stores here in Perquimans County, adv.

FRIDAY, JANUARY 18, 1946

Friday Here Mrs. E. A. Stamey of Kinston, Mrs. White, Sr., at her home on Market street. Mrs. Dan Reed, who has been quite sick at her home is improved.

TODAY'S STUDENT WILL BE TOMORROW'S CITIZEN

Children at home, at play, at school, going to and from school and in sports may sustain injuries which necessitate medical care. Doctor and hospital bills are an increased burden on the family budget.

Income Protection is essential for the head of the family, but preservation of accumulated savings is also necessary. Stop the drain on savings by procuring protection for medical bills incurred by reason of injuries sustained by your children.

National Casualty Co. of Detroit has realized the need for such protection. The Student Accident Policy is designed to provide financial aid to meet such medical expenses as may be incurred by your child as a result of injury. The policy protects your child against accidental injury 24 hours a day for 12 months a year.

Fathers and mothers can not afford to be without this protection for their children.

Expect the FIRSTS from Ford

THERE'S A FORD IN YOUR FUTURE!

and... Here's Our Policy on New Car Deliveries:

Many customers have asked our policy in delivering new 1946 Ford cars. Obviously, there will not be enough cars to go around for a while, but we are now booking orders for earliest possible delivery. Our policy on new car orders will cover the following:

1. We are reserving a percentage of our cars for buyers who have served in the Armed Forces. We believe everybody will agree this is right and fair.
2. While we have no used cars, and would welcome a trade-in on a new car, we will not insist on a trade-in as a requisite to a new car. We will always allow top market prices for your used car if you trade it to us.

Our company, which is 100% locally owned, will continue to be fair and square with our customers, and it is our aim to fill their new car orders in the order they are placed with us.

Bring your Ford back to our garage for checks at 300 and 1,000 miles. Checks are made by our regular FORD mechanics.
