

Why Pitt County Supports Robert Lee Humber FOR CONGRESS

We have no selfish desire to elect a candidate from Pitt County, because he is a native son. Our voting record for the past forty-eight years will prove that we have always supported a candidate from another county.

If Robert Lee Humber was a citizen of any of the fourteen counties in the First Congressional District, we would support him with every ounce of our energy, because we know of no man in the State who has qualifications to equal his for the high office of congressman.

Pitt County's vote totals approximately thirty-one per cent of the entire District and we, the voters of Pitt, will give him the largest majority any candidate ever received for any office in this county.

We also believe every county in the District will benefit by his victory. He is a high standing Christian gentleman, with first hand knowledge of City, County, State, National and International affairs. He is one of the world's best known peace advocates. His honesty and character is beyond reproach. He is a man whom the nation will recognize. He will do his state honor. Can you as a voter afford to ignore a man of this proven type, in order to satisfy a machine, which chooses your candidate for selfish desires. **VOTERS, LET'S GET TOGETHER AND NOMINATE ROBERT LEE HUMBER ON MAY 25th, 1946.**
