County Students At Annual H. S. Day

Students of Perquimans Training School at Winfall were guests at the annual High School Day held at Elizabeth City State Teachers College on April 8. The morning session began with tests in subject matter with students from all over Eastern North Carolina competing against each other. Among those participating in this division the following students from Perquimans Training School were winners of individual awards: James Turner, first place, Agriculture; Shirley Wiggins, tied for second place, General Science; Sarah Wiggins, second place, Biology; Winnie Jones, third place, Current Events. The teams, consisting of three persons each, captured these honors: General Science, first place; Agriculture, second place; American History, third place; Biology, third place, and Current Events, third place.

The second session was a musical one with solos, trios, quartets and choruses from several high schools. Perquimans Training School made three entries. A critic judge judged this event.

The highlight of the day was the revival of the art of oratory at the oratorical and declamation contest held at night. Mary Elizabeth White, speaking on "Civil Rights," won first place in the oratorical section. Sadie Ellis won third place in the declamation section with her very accurate and interesting account of "When My Lias Went to War" by Paul Lawrence Dunbar. Both of these students are from Perquimans Training School.

When Your Back Hurts -

And Your Strength and Energy Is Below Par

It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood. You may suffer nagging backache, rheumatic pains, headaches, dizziness, getting up nights, leg pains, swelling. Sometimes frequent and scanty urination with burning and burning is another sign that something is wrong with the kidneys or bladder. There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. It is better to rely on a medicine that has won countrywide approval than on something less favorably known.
