## Perquimans Indians Down Scotland Neck In Conference Game

### Local Team to Observe Homecoming Event Friday Night

Perquimans High School's football team made it two in a row when the Indians chalked up a 7-0 score at the expense of the Scotland Neck griders in a game played last Friday night in Scotland Neck. It was the second straight conference victory for Coach Ellie Fearing's charges, and marked the close of the conference games for the local school. The Indians record for the season, in conference play is two victories as against three losses.

The Indians opened the play against Scotland Neck in a determined fashion and it was soon evident the Indians were out to bring home the victory. Smashing offensive gains by Spivey, Shackelford, Chappell and Towe proved too much for the host team. Neither team scored during the first half but soon after the start of the third period Joe Towe passed to Dail who scampered across the goal line for the TD. Shackelford converted to make the score 7-0 for Perquimans.

Scotland Neck's offense threatened twice during the game but superior play on the part of the Perquimans linemen prevented the host team from scoring.

Perquimans will wind up its schedule of home games for this season when the Indians meet Tarboro High School here in Hertford Friday night. This will be homecoming for the Indians and a large crowd of fans and former students of the school are expected to attend the game. On the basis of their records Perquimans has a slight advantage over Tarboro but the teams appear evenly matched and fans can expect a splendid contest.

During the half-time period at the game tonight the Monogram Club will crown the Monogram Queen for the year, climaxed the election of the queen which has been in progress during the past two weeks.

The free chest X-ray will be available to all persons in Perquimans County, white and colored, who are fifteen years of age or older. It takes only a minute or two to be X-rayed, there is no undressing for the X-ray and every person who is X-rayed will receive a confidential report by mail.

This chest X-ray service is made possible by the District Health Department and the Perquimans Christmas Seal Committee which have requested the Tuberculosis Control Division of the State Board of Health to come to the county and make the survey.

The State Board of Health will furnish five mobile X-ray units and technicians to take small X-rays free. The units will make stops in Hertford and four other locations in this county, the schedule will be announced later, and a person may go to any stop he wishes.

Certain expenses connected with this survey will be borne by the Perquimans Christmas Seal Committee.

Following the X-ray and examination of the film, if the X-ray shows that the chest of the individual is all right, that person will receive a postal card advising him of the same. If the physician sees anything in an X-ray which needs further study the health department will request that individual to come into the department for a second and larger film, which will also be free. Persons who have ever been under treatment for tuberculosis should not go into one of the trailers for an X-ray, but instead, they should go to the Health Department and get a large X-ray made.

Members of the Perquimans steering committee, which meets next Tuesday are expected to make plans for publicizing this program and encouraging the people of Perquimans to take advantage of it.
