Another Job Well Done

Today we salute Perquimans County and the local Red Cross Committee for another job well done. According to reports made Tuesday more than 100 residents appeared at the Red Cross Bloodmobile to donate a pint of blood, which may, someday in the near future, save a life.

It was all a part of the Red Cross program to build up a blood bank in hospitals throughout the Tidewater area, for the purpose of supplying blood to patients, free of charge, in need of transfusions.

Some of the individuals who appeared to donate blood, though willing, did not do so for various reasons on the part of the doctors and nurses, but these will have an opportunity to do so at a later date.

A lot of hard work was necessary to make this first visit of the Bloodmobile a success and this accomplishment on the part of the local Red Cross Committee, and those assisting this committee, deserve the praise of the entire community.

Buy Seals To Help Fight Tuberculosis

While the fight against tuberculosis has made great progress, medical experts expect that new drugs will make possible the abolition of the disease, we should not overlook the fact that nearly 50,000 persons die every year from tuberculosis.

The disease is the seventh greatest cause of death in the United States. This should emphasize the importance of the annual sale of Christmas seals for the purpose of securing funds with which to accelerate the fight on the great White Plague. The National Tuberculosis Association estimates the annual cost of tuberculosis at \$350,000,000. They think that a disease, known to be curable and preventable, should be prevented by a nation as alert as the United States and, when it occurs, should be cured.

When residents of Perquimans County buy Christmas seals, they contribute their money to the great undertaking.

Education Widens Its Scope

The process of education in Perquimans County has made tremendous strides since the ancient days when the "three R's" were supposed to include the curriculum of a modern school.

While it is true that the fundamental problem of our institutions of learning is to give the student a proficiency in the use of so-called tools of the brain and, if pursued long enough, to acquaint the mind with the broad outlines of man's progress from savagery to civilization, the scope of the modern school has been widely expanded.

Not only are our schools expected to perform the rudimentary task of educating the pupils, but in addition, train them for democratic processes, to teach them to get along with other human beings, instruct them in a trade for their economic livelihood and, in addition, take the task of the home and church in the development of morality and conscience.

When one considers the vastly extended ramifications of the processes of teaching, there is no occasion to wonder at the increased cost of "education." Nevertheless, when we think of the expense involved, we should also bear in mind that ignorance is the most expensive luxury ever enjoyed by careless people.

The aims of education should be to convert the mind into a living fountain, and not a reservoir. That which is filled by merely pumping in, will be emptied by pumping out.

—John M. Mason.

Advertisement for bids for the construction of a vocational shop and physical education building for the Perquimans County Board of Education, Hertford, North Carolina. Sealed proposals will be received by the Perquimans County Board of Education at the office of the Superintendent of Schools, J. T. Biggers, Hertford, N. C., up to 11 A. M., December 6, 1949. Immediately thereafter the bids will be publicly open and read for:
A. The general construction of the building.
B. Plumbing; fixtures, piping, etc.
C. Heating; boiler, piping, radiators, etc.
D. Electrical; wiring, fixtures, etc.
Each of the above classifications (A, B, C and D) will be let under separate contracts.

Plans and specifications are on file at the office of the architect, Raymond Fuson, 409-410 Elks Temple, New Bern, N. C., and at the office of J. T. Biggers, Perquimans County Superintendent of Schools, Hertford, N. C. Copies of the plans and specifications may be obtained from the architect upon the deposit of \$25.00. Deposits will be refunded to all bidders submitting a bona fide bid upon return of the plans and specifications in good condition on or before the letting date.

No bidder may withdraw his bid for a period of thirty (30) days after the opening thereof. A bidder's certified check in an amount equal to 5% of the bid must accompany each bid. (In lieu thereof a bidder may offer a certified check for 2% of the bid plus a bid bond for 3% of the bid.) As required by law, all certified checks submitted with proposals shall be drawn on a bank or trust company authorized to do business in North Carolina (Section I, Chapter 400, N. C. Public Laws of 1933 and Michie's N. C. Code 1938, Section 7384 (e) and 1518 (a)). A performance bond is required in an amount equal to 100% of the contract price conditioned upon the faithful performance of the contract and upon the payment of all persons supplying labor and furnishing materials for the construction of the project.

That Nagging Backache

May Warn of Disordered Kidney Action

Modern life with its hurry and worry, irregular habits, improper eating and drinking—its risk of exposure and infection—throws heavy strain on the work of the kidneys. They are apt to become over-taxed and fall to filter excess acid and other impurities from the life-giving blood.

You may suffer nagging backache, headache, dizziness, getting up nights, leg pains, swelling—feel constantly tired, nervous, all worn out. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

Try Doan's Pills. Doan's help the kidneys to free of harmful excess body waste. They have had more than half a century of public approval. Are recommended by grateful users everywhere. Ask your neighbor!
