

Cancer Clinics Held Every Friday At E. City Health Center

Clinics at the Northeastern Carolina Cancer Detection Center are held every Friday afternoon in the Health Center Elizabeth City, with registration from 1 to 2:30 P. M. These examinations are free to all women 35 or over, all men 40 or over, and to anyone with a symptom or a "danger signal," regardless of age.

The Northeastern Carolina Cancer Detection Center is under the management of the Pasquotank Medical Society, and frequently there are more applicants for examination than can be accommodated. Therefore, in order that those who live at a distance may be sure of an examination and thus not make a trip in vain, priorities will be sent on request, to all who live 20 miles or more from Elizabeth City. Requests should be addressed to Cancer Center Clerk, Health Center, corner Cedar and Harney streets, and indicate two dates on which the visit can be made.

A group of Elizabeth City women volunteer their time each Friday afternoon to serve as receptionists and volunteers nurses' aides. The purpose is to urge people to have an examination and to encourage them to be on the look-out for Cancer symptoms while they are in the early stage. It is hoped many in the district will avail themselves of the opportunity to be examined.

CANDIDATE HERE

Oscar O. Efford, Winston-Salem attorney, who is a candidate for Associate Justice of the North Carolina Supreme Court, visited in Hertford recently and talked with a large number of local residents in behalf of his candidacy.

Mr. Efford is a graduate of Roanoke College, and did graduate work at Princeton and Harvard. He also attended the law school at UNC. He is a member of the Forsyth County Bar Association and is a well-known sportsman. He belongs to the Wildlife Club, Carolina Field Trial Club and Skeet Shooting Club. He is a veteran of World War I and a member of the American Legion.

RURITAN CLUB MEETS

The Parkville Township Ruritan Club met last Thursday night at the Perquimans County Graded School at 7:30. The club President, Floyd Matthews, presided. This was the first meeting of the club since Charter Night, one month ago. The meeting opened with the singing of America, after which the invocation was made by the chaplain.

A delicious turkey dinner was served in the school cafeteria.

After dinner, the meeting was moved to the school auditorium where two or three items of business were taken up. It was decided to hold future meetings on the first Tuesday night of each month. A fine of ten cents will be levied against any member who is late for meetings.

Following the business session C. R. Holmes of Hertford, made an interest-

ing and instructive talk on the general theme that considering the great progress made during this century, there is reason for confidence in future progress.

The meeting was adjourned with prayer. The Parkville Club is two months old. It has begun with a fine enthusiasm and projects will be undertaken for the benefit of the community as it goes along.

Negro Students Win Cash Awards

As a result of competitive examinations, plus all-around ability as a student, two senior boys were awarded cash scholarship awards recently by Morehouse College of Atlanta, Ga. Linwood Sutton, was awarded \$112.50 to be applied to his 1950-51 tuition; while John Hoffer was awarded \$225.00 to be applied to his 1950-51 tuition. These certificates will be presented on graduation day.

NOTES ON SOIL CONSERVATION

Farmers in the Lake Section of Perquimans County are having a large lead ditch cleaned out to provide a better drainage outlet for their farms. W. B. Jordan, Nathan Trueblood, and Talmadge Lewis are planning to have some of their field ditches, which drain into this lead ditch, cut out with the dragline. Some of the land in this drainage project has been so poorly drained that it hasn't produced a good crop in several years.

Arba Winslow in the Whiteston Community recently sowed some Sericea Lespedeza on the sides of a large ditch which he had cut through some sandy land. Sericea Lespedeza is a deep rooted plant and once it gets established will help hold the sides of the ditch and keep them from caving.

The Supervisors of the Albemarle Soil Conservation District will meet in Hertford on Wednesday night, May 17. Mr. W. K. Beecher, State Forester, will speak at the meeting.
