

Traffic Penalties Featured At Court

A total of 15 traffic cases was disposed of during last Tuesday's term of Recorder's Court. It was reported by G. T. Salmey, clerk of the court.

Costs of court were taxed against Robert Peaden, Shelton Alexander, Julian Voloskin, Ronald Baker, F. G. Tighe and Margaret Haskett, after each had submitted to charges of speeding. Fines of \$10 and costs were levied against L. F. Perry and Stanley Rabinowitz each of whom submitted

to speeding charges. A fine of \$10 and costs were assessed against Clifton Shambry, Negro, who entered a plea of guilty to driving with insufficient brakes. Roland Reid, Negro, paid the costs of court after pleading guilty to a charge of following too closely. A fine of \$75 and costs were taxed against Dennis Smolarsky who entered a plea of guilty to charges of driving without a license, speeding and reckless driving. William Dempsey, Negro, charged with driving drunk, was found guilty of reckless driving. He was ordered to pay a fine of \$25 and costs and the sum of \$46 to J. E. Hunter for damages done a car owned by Hunter and which was struck by Dempsey. Francis Bustamante was ordered to pay a fine of \$25 and costs after pleading guilty to charges of reckless driving.

Farm News

BY R. M. THOMPSON
Perquimans County Agent

Friday, October 15th, is the date selected for the second "Nickels for Know-How" referendum. The purpose of this election is to find out if the people who buy feed and fertilizer for use on the farms and gardens are willing to tax themselves 5 cents per ton; with this money being used for research and education in our agricultural program. The first election, which was held three years ago, was carried by a very large majority in favor of taxing the buyers of feed and fertilizer this nickel per ton and this money has come in at the rate of over \$100,000 per year.

Farm people of Perquimans County have benefitted as much, if not more, from this program than most any other farmers in the State as there has been a peanut specialist and a soybean specialist added to the Staff and their salaries are made up from these nickels collected from the tons of feed and fertilizer sold. Not only have these specialists been employed but money has been spent on this program to develop our new Lee and Jackson Soybeans and our hybrid 1 and hybrid 2 peanuts, with more varieties of both peanuts and soybeans being developed. Anyone who has planted the 1 and 2 peanuts, or the Lee soybean, has received their extra nickel per ton back many fold. We believe that it will be to our advantage to vote on Friday, October 15th and see that this program is carried in the State for the next three years. This program has to be voted on every three years and anyone, boys and girls men and women, who purchase feed or fertilizer, is eligible to vote for or against this program. Be sure and vote on Friday, October 15th.
