Even with the exceptionally low net cost, unusually high cash values are available after the first year. Excellent dividends are paid annually, with an extra dividend at the end of ten years and every five years thereafter. Proceeds may be taken under several attractive settlement options. Most families on the average need three times as much life insurance protection as they now have. For that reason, executives, small business owners and professional men should consider this low net cost plan immediately. Purchase of additional insurance will help the fulfillment of your dreams by protecting your family and your business; or, by providing higher than ever cash benefits for your retirement.
