tion and natural resources of North Carolina. A copy may be obtained free upon request to the State Advertising Division, Room 233, Education Building.

The State Advertising Division produces "Facts About North Carolina" on the department Multi-lith and uses thousands of copies each year to supplement the illustrated booklet "The Tar Heel State" in answering inquiries about North Carolina.

Belvidere Girl Wins State 4-H Honor

Lois Winslow

Lois Violet Winslow, 17, of Belvidere, has been named State Better Grooming winner in the 1954 4-H awards program. In her six years of 4-H Club experience, Lois Violet has been under the guidance of her mother and leader, Mrs. Louis Winslow. She has participated in church, school, and community activities and given talks on radio programs.

As a result of her better grooming projects, she has developed poise and alertness. During this project she improved her diet, posture, skin, teeth and general health.

Lois Violet was presented a certificate of honor for her accomplishments by the Toni Home Permanent Co.

Man is properly self-governed only when he is guided rightly and governed by his Maker, divine Truth and Love.
—Mary Baker Eddy.

N. C. Peanut Yield Highest On Record

Production Up 5 Percent; Acreage Is Down Slightly

The 1954 peanut yield is estimated at 1,650 pounds per acre. This is the highest yield of record, exceeding the previous record of 1,590 pounds in 1952 by 60 pounds per acre.

The total production of picked and threshed peanuts is 5 percent above last year but 5 percent below the 10-year average production. This year's crop was harvested from 173,000 acres—4,000 acres or 2 percent below the acreage harvested in 1953.

The crop got off to a very slow start due to damp, cool weather during the early spring and many producers had to replant a portion of their acreage due to poor stands. The crop received frequent scatter-

ed showers throughout most of the growing season and was never damaged severely by dry weather.

Weather conditions during the digging and threshing season were ideal and most of the crop has been harvested with practically no loss due to unfavorable weather. Upon picking many growers found that the crop was turning out much better than earlier expectations.

N. C. Business Firms Receive Forms For 1954 Census Report

Report forms of the 1954 Census of Business are being mailed to North Carolina retail, wholesale and service businesses, theaters and other amusement places, hotels and tourist courts, early in January by the Bureau of the Census, Department of Commerce. The report

forms are adapted to the various kinds of business and smaller firms need answer only a minimum of basic inquiries.

Approximately three million business firms throughout the United States will receive the 1954 census forms. Information collected in the census is confidential and will be used by the Bureau of the Census in compiling new statistics on business activities for the nation, states and smaller areas for the first time since the results of the 1948 Census of Business were published.

Selected figures for North Carolina from the 1948 Census of Business follow:

Retail Trade, 1948	
No. of stores.....	40,880
Sales for year.....	\$2,248,660,000
Payroll for year.....	\$ 212,626,000
Wholesale Trade, 1948	
No. establishments....	3,962
Sales for year.....	\$3,129,686,000
Payroll for year.....	\$ 107,716,000

Falsehood is in a hurry; it may be at any moment detected and punished; truth is calm, serene; its judgment is on high; its king cometh out of the chambers of eternity.
—Joseph Parker.

Announcement

I wish to announce to my friends I have purchased the interests of Murray Dail in the Gulf Service Station, in Hertford, and I have assumed active management and operation of the station.

I will be glad to see all my friends at my new place of business, and assure you of the best in good Gulf Products and service.
