IN CITY TRAFFIC where tensions usually mount, Chrysler's cat-like flexibility brings a wonderful sense of calm. And those admiring glances confirm your judgment that this is America's biggest fine car buy.

THEY'LL THINK YOU PAID \$1,000 MORE
when you drive the year-ahead car!

The only cars with which you can compare a Chrysler Windsor V-8 are the other luxury cars... because that's what the Chrysler Windsor V-8 is. But you can own this car for the cost of a medium-priced car! And at this price, it simply defies comparison. Take the way it handles in city traffic. Something quite wonderful happens. Instead of feeling tense, you're utterly relaxed - thanks to Chrysler's full-time Power Steering System and a host of other brand new Chrysler exclusives. You're handling a big, powerful car that responds like a mind reader. It does the work for you. Your Chrysler is beautifully balanced between the forward thrust of its mighty airplane-type engine and the most powerful brakes in the industry. This car flows! Yet, if you can afford any car in the medium-priced field, you can afford to step up to a Chrysler Windsor V-8. Compare its year ahead new-car features with the other leading cars in its price class. We think you'll agree that it looks and acts like a car that costs \$1,000 more than it does!
