

### State Delegates at NFA Convention

James E. Schaefer and Wilbert Holcomb will represent the local NFA at the State Convention in Greensboro, June 5-8. Wilbert Holcomb will also represent the local Federation in the State NFA convention.

NFA officers elected for the 1954-55 were: President, James S. Schaefer; vice president, Cecil Schaefer; secretary, Lewellyn Wills; assistant secretary, Charlie Small; treasurer, Elmer Copeland; reporter, George P. Hollowell; watchman, Alphon Lightfoot; parliamentarian, Ramsey Hurdle; historian, William Schaefer; chaplain, Vernon White; song and cheerleader, Matthew Whitehurst and King A. Williams, deviator.

### '56 Peach Crop Near Three-fifths Average

The first 1956 peach production forecast is for a crop of 900,000 bushels, according to the North Carolina Crop Reporting Service. A crop of this size would be 58

per cent of the 1945-54 average production of 1,539,900 bushels. Some loss in prospective production was sustained from late March frosts. Cold weather occurred also in April when on several days temperatures were at or below freezing level for a few hours in the early morning. Conditions are spotty—some orchards being a complete failure while others escaped with partial or little damage. Locations or orchards and variety of peaches contributed to the variation in condition among orchards.

Estimated production for the 10 major producing Southern States is reported at 9,410,000 bushels. This volume would be 71 per cent of the 1945-54 ten-year average production of 13,255,000 bushels.

### WHITESTON NEWS

One Gallon of Sinclair Power-X Gasoline  
Could Lift the Ocean Liner "United States"

In your car, Sinclair Power-X gives

### RESERVE POWER WHEN YOU NEED IT

It's a scientific fact! The potential energy in a single gallon of Sinclair Power-X Premium Gasoline, if fully utilized, could lift a weight equal to the U.S. "United States" 10 inches. This tremendous energy, when applied to your car, can mean reserve power when you need it—for safer driving.

You get this extra power because of Sinclair's new high-octane refining methods, plus chemical elements added to prevent stalling and guard against fuel system rust. For highest anti-knock, quick acceleration and reserve power when you need it, see your Sinclair Dealer and power up with Power-X.
