

ADVICE FOR VACATIONISTS

"Fishing" while you are on vacation is just a quick check into the possibility of unlooked for hazards. More important, it is for a two week stay or longer. It is for a two week stay or longer. It is for a two week stay or longer.

What are some of the things you quick check for safety should include? Here is a suggested seven point check list:

1. The presence of snakes, ticks or other dangerous or bothersome insects.
2. Poison ivy and other irritating plants.
3. Water supply—is it plentiful and pure?
4. Underwater hazards that may not be apparent to a first visitor.
5. Vicious animals pastured or running wild on public lands.

6. The reputation of the area for freedom from holdups and crimes against campers and picnicers.

7. Temperature and the extremes of weather that may be encountered.

1956 Unfavorable For Cotton Crop

The 1956 season-to-date has been one of the most unfavorable in recent years for cotton. Unfavorable weather conditions prevailed during the normal planting season, being characterized by prolonged wet soils and cool days and nights. Statewide, the current crop is from two to three weeks behind schedule. The crop is more irregular than usual both between areas, farms and fields on the same farm.

The current crop will, of course, reach maturity later than usual. Growers commented frequently on the fact that cool weather during May and prolonged dry weather during June had retarded plant growth. Dry soils in the Piedmont have been more damaging than in most of the coastal counties.

SENATOR SAM ERVIN SAYS

Washington—I voted against the Foreign Aid Bill which passed the Senate.

Foreign Aid

I stated on the floor of the Senate why I could not support the bill before me. I should like to vote for an aid bill which gives reasonable technical assistance to underdeveloped countries to help them to help themselves. I should like to vote for an aid bill which gives military assistance to those nations which have manifested a willingness to stand by the free world in any possible conflict with the Soviet bloc. I should like to vote for an aid bill which gives economic assistance to countries like South Korea and Formosa, which are incapable of self-support.

War, over the appropriations for the 11th year, by 13 billion dollars. It does this at a time when those in charge of the administration of the foreign-aid program already have unexpended funds totaling 6.8 billion dollars at their disposal.

North Carolina's Share

The appropriation authorized by the bill would take at least 55 million dollars out of the pockets of the taxpayers of North Carolina at a time when this money is needed for education and other pressing matters. A part of this money would be given to Tito and to countries which are selling strategic materials to Russia. That is too much for me.

Needed A New Bill

I regret that the Senate did not turn down the bill. Had it done so, the Administration would have sent to Congress a more realistic bill. I would like to have had an opportunity to vote for an intelligent bill which I could have conscientiously supported.

AUXILIARY MEETING

The Bethlehem Ladies' Auxiliary met Thursday night, July 5 at the home of Mrs. William Stallings. The meeting was called to order by singing "Love Lifted Me" followed by prayer by Mrs. J. B. Perry. The roll was called with eight members and two visitors present. It was decided to hold a wiener roast this month with husbands and families invited. A very interesting program "Be-

15,928 Lose Driving Rights Since Jan. 1

The Motor Vehicle Department says it has withdrawn the legal driving privileges of 15,928 persons since January 1 for traffic offenses ranging from drunken driving through incompetency.

Drunken driving, an offense customarily at the top of the agency's regular monthly summary, led the six month's report with 7,190 convictions.

Drunken driving requires a mandatory revocation upon conviction, the department said.

Close behind were speeders. During the first half of the year, 5,661 speeders suffered the temporary loss of driving privileges. Included in the speeding category were over 75 mph (1,694), two offenses of over 55 mph (1,229), over 70 mph in a passenger car (2,601), and over 60 mph in a truck (37).

Other violations like driving after license suspended, reckless driving (two counts), larceny of auto, manslaughter, transporting intoxicated, improper use of driver's license, and incompetency, rounded out the half-year total of revocations and suspensions.

He says much who is thankful for little a grateful mind is both a great and a happy mind. —William S. Porter

O Lord, who lends me life, lend me a heart replete with thankfulness. —Shakespeare

REMNANTS OF ANCIENT SECT

About 200 of the last remaining members of a unique sect of Samaritan Jews still live peacefully in the town of Falah, 50 miles north of Jerusalem, in Jordan, one of the Bible Lands. They are strict adherents to one God, believe only in the Pentateuch or first five books of the Old Testament and make three pilgrimages a year to Mt. Gerizim, their sacred mountain, for sacrificial rites. They pitch their tents and carry out ceremonies enjoined upon them since the time of Moses, including the sacrifice of a sheep for each person present. Their Patriarch, dressed in red turban and flowing white surplice, is shown here pointing to the words of the Torah of Law of Moses. The Good Samaritan who came to the rescue of the stranger on the road to Jericho, (Luke 10:33) was a member of this sect.
