Cattle Referendum Set For Saturday

A Cattle Referendum will be held Saturday, March 15, at the Farmers Mart in Hertford. Houston Edwards, chairman of elections, states that this is one program that should be of interest to just about every farmer in Perquimans County, because cattle are a major farm enterprise in this County.

Everyone regardless of age that sells cattle for slaughter should vote in this election of whether to pay ten cents per head to be used to promote the consumption of local grown beef in North Carolina.

Other programs of this type have been very successful in farm produce and we feel that this is something that merits the effort that it would take to vote because we are greatly concerned with the prices that we receive for our cattle.

Polling places will open from 8:00 A. M., Saturday morning until 5:00 P. M., Saturday afternoon, so please make an effort to vote your conviction.
