## Patrolmen Assist Garner Ball Team On Hertford Visit

Garner High School's baseball team ran into some difficulty coming to Hertford last Monday afternoon for the first game of the 2-A title series but with assistance from the State Highway Patrol the team arrived on time for the contest.

Leaving Garner about 1 P. M., in a bus, the team was delayed about one hour in Wilson due to bus trouble. Coming on toward Hertford, the bus finally quit at Windsor and with time growing short, a Garner follower suggested nine of the players be carried the remainder of the way in one car.

Boys being boys, when the car left the scene 12 players were aboard, this being strictly contrary to the law. A short distance down the road they came upon a highway patrolman, J. W. Dickens, who investigated the overloaded vehicle, inquiring if they had come all the way from Raleigh with so many passengers.

Upon being advised of the circumstance, Patrolman Dickens had some of the players get in the patrol car and ride with him to the Perquimans County line, where they were met by Patrolman D. O. Williams, who brought the team on to Hertford in good time for the ball game.

The Garner players and fans expressed high praise to the patrolmen for the assistance rendered in getting them to the ball game on time.

## Perquimans Wins From Garner 4 To 1 In Series Opener

### This Week's Headlines

Increased world tensions are anticipated due to the blow up of the Paris summit meeting, which the Soviets refused to attend unless tendered an apology by the United States for the spy plane incident. The Russian position, according to European reports, aroused the Western Allies to realize they need now to reappraise defenses and hold firm against any Soviet pressures.

The summit meeting broke up Tuesday after President Eisenhower, however, President DeGaulle and Prime Minister Macmillan waited for hours for Khrushchev to accept their invitations to mediate the problems for which the meeting was originally called. Khrushchev refused to show up and the West then issued a statement terminating the conference.

It became apparent Monday the summit meeting was doomed to fail when Khrushchev, on the opening day of the event, denounced President Eisenhower and the United States, then withdrew the Russian invitation for President Eisenhower to visit Russia. It has been announced the President will enlarge his Asian tour to include several visits to countries not previously included in the tour.

The events in Paris are expected to have definite bearing on the upcoming political campaign in the United States. What apparently was to be a presidential campaign without issues is now expected to develop into one in which foreign policy will be a main point of discussion.

Sen. John Kennedy (D-Mass) won another presidential primary this week and is now concluded to have about 35 per cent of the national delegates pledged to him as he seeks the Democratic nomination. Kennedy won an easy victory this week in Maryland over Senator Wayne Morse (D-Ore.)

Each team collected three hits but Perquimans took advantage of opportunities and scored four runs.

Garner's lone run came in the fourth inning. Pipkin bounced to Colson at first who threw wild to Hunter covering the bag. Pipkin racing to second from where he scored on a single by Plesians.

Perquimans won the game in the first, Johnny Winslow was safe on an error, Hunter walked, and both men advanced on a wild pitch. Billy Nixon then tumbled the runners home.

The Indians added two insurance runs in the third. Johnny Winslow opened with a single and Watkins proceeded to walk our straight men, following it with a wild pitch.

Johnny Winslow's two singles and Nixon's double accounted for all of Perquimans' runs.

Garner evened up the series on Wednesday night handing the Indians a 3-2 defeat in a game played on the Garner diamond. Pete Hunter struck out 13 Garner batters but the Indians committed errors which permitted Garner to score two runs.

Congressman Carl Vinson (D-Ga) chairman of the Armed Forces Committee, this week advised Congressman Herbert C. Bonner there had been no change in his position in regards to the government retaining and placing to some good use the facility at the Harvey Point Naval Base.

In a letter to Congressman Bonner, written this week, Mr. Vinson said:

"I would like to refer to the matter of the Naval Air Facility, Harvey Point, which was never brought into the active inventory of the Department of the Navy because of the lack of success of the F5M airplane.

"As you know, I have been actively attempting to find some military use for the large investment which the government has in this facility, and it is my intention to continue my effort in this respect.

"I feel very strongly that this property should not be disposed of through the General Service Administration but should continue to be held by the government to the end that some profitable use can be found for the nearly completed facility.

"I know that with your cooperation I will be able to hold this property in the manner and for the reason which I have described."
