Where HE Stands"

AGRICULTURE BASIC TO ECONOMY

Dr. Lake supports the work of our Federal, State and Local agricultural leaders.

"I shall seek the advice of farm organizations and the Department of Agriculture."

"The problem of the small farmer is the most crucial issue facing North Carolina agriculture and we must work to help the small farmer because he is the backbone of our economy."

COURT AND HIGHWAY CHANGES NEEDED—

Dr. Lake favors certain reforms in our court system directed toward a uniform, more efficient and less costly system of justice for our people.

"Dr. Lake favors election of all judges, Recorders and Justice of Peace, by the people and is against proposals which would eliminate this plan."

"I favor a highway commission of fourteen members, one appointed from each of the 14 engineering divisions."

I. BEVERLY LAKE

BALANCED BUDGET NECESSARY—

Dr. Lake favors a balanced State budget; he is opposed to deficit State spending; and is strongly against raising our already burdensome taxes for desirable but non-essential improvements.

Dr. Lake proposes a "Policy of spending for current operating expenses no more than can be produced by fair tax laws not unduly burdensome".

SCHOOL INTEGRATION OPPOSED—

Dr. Lake is opposed to the mixing of white and Negro children in the schools in North Carolina.

"The mixing of our two great races in the classroom and then in the home is not inevitable and is not to be tolerated."
