TAKES A LOT OF EVERYTHING BUT MONEY

You can keep the supply lines open to a Boy Scout Jamboree in this one. Small tents, a troop of Explorers and a couple of counselors all fit nicely inside Valiant's 3-seat wagon. With the rear seats folded you've got 72 cubic feet of cargo space. Very impressive when you consider there's two feet less car to park. This wagon is loaded with all kinds of good things: an electrically operated tailgate window; a rear-facing third seat that's easy to enter (you just drop the tailgate and step in); a hidden luggage compartment and Captive-Air tires. (They won't leave you flat.) Need a clincher? See your Plymouth-Valiant dealer, he's got it. The light price.
