By Joyce Copeland and Jan White
The first week of April opened in sorrow for the students of PCHS. A memorial service for Tommy Wilder, who was killed in a tragic accident, was held on Tuesday. Donald Perry, president of the sophomore class, and the pastor of Tommy's church spoke to the student body. The Perquimans Indians encountered the Ahsokie Indians Tuesday afternoon at Memorial Field. The home town tribe suffered their second loss of the 1967 season. The score was 3-1 with Carl Wayne

Beteman scoring his second home run of the year. Lindsey Baska started on the mound for the local nine with Tim Riddick relieving him in the top of the sixth.
Fiscal payments for the 1937 Kilcoonen were taken up during the first of the week. Both publications chose their staffs for the 1967-68 school year. Annual editor, Hollis Williams and newspaper editor, Bea Skipse, are already planning for next year.
The boys' and girls' track teams put up a good showing this week. The boys' team went to Plymouth and the girls ventured to Northampton.

Scenic Highway

his alternate for tourists.
The alternate would begin in Hertford and follow the Perquimans River on the east side around Durants Neck and then go back up the Little River shore to U. S. 17. Most of the historical points of interest in Perquimans would be passed along that route, Edwards said.
The scenic highway program stipulates that funds will not be allotted unless a road begins and ends at a recreational site.
The routes outlined by Edwards would follow shorelines, but do not have developed recreation areas at terminal points. However, Edwards has long contended that the Perquimans River has tremendous potential for a beach and boating area.
Edwards and other members of the Chamber of Commerce will tour the river Thursday afternoon with Col. R. J. B. Page of the Department of Water Resources.
The tour along the river will be to locate obstructions in the water and to determine how they can best be removed. Edwards said the river could be prime boating water when all obstructions are cleared.

ceived and giving the name of the donor. These contributions may be in any amount and are tax deductible.
Memorial funds are used in support of the society's unceasing fight against cancer through coordinated programs of research, education and service.
Although the major source of funds for these programs comes from the society's annual Crusade, memorial gifts received throughout the year are becoming increasingly important to the society as more families and individuals become aware that they can contribute in the name of a loved one toward ultimate victory over the dread disease of cancer.
The American Cancer Society is deeply grateful to families, other groups and individuals of Perquimans County who are using this practical means of assisting the society in

expanding county-attack on cancer.
Memorial funds should be sent to the Perquimans County Chapter of the American Cancer Society, Hertford, N. C., Mrs. Sullivan said.
