

Trackmen Post Victory

The Perquimans County Union School of Winfall defeated the Washington County Union School of Hoper in a dual track meet held on the Perquimans Union School's athletic field April 11th. Participating without their captain and "ace miler" Edison Holley who was ill at the time, the Green Panthers were hard-pressed to win by a score of 69-42.

Norfolk Relays

On Saturday, April 15, the Fleet Panthers journeyed to Norfolk, Va., where they participated in the second Norfolk Invitational Relays. Leslie Lightfoot of Perquimans was second in the 100-yard dash in heat two composed of sprinters from East End, Adkins High, Kinston, N. C., Maggie Walker of Richmond, Va., and John F. Kennedy, Suffolk, Va., and T. C. Walker High School. Second place was won by Perquimans in the 440-yard relay in section two, composed of Hunter High, John F. Kennedy, Suffolk, Va., and Johnson High. The Perquimans relay team consisted of Chester Jordan, Milton Wilson, Leslie Lightfoot and James Everett.

Workmanship

Take your Bible, please, and open it to Ephesians 2:10. This is my text for today. There are three things that stand out in this verse. Notice, first, the "good work." Good work has an important place in the life of every Christian. Good work can only be performed by those who have been saved by Grace. But good work won't save. Next come ordained or when translated "prepared," suggesting that God has cut out for each of us a special work of His own preparation. Notice the good works are not our good works but His. The third thing I want you to notice is workmanship. We are God's workmanship, doing His works. The sun, the moon, stars, flowers or even the snow-capped mountains are not God's masterpiece. The Church is God's masterpiece. It holds beauty, unity and usefulness and about everything else in the earth. God takes a rough, crude sinner, dead in trespasses and sins, and produces vessels meet for the Master's use. How about you, dear readers. Are you saved?

Bible Verse

Fire Scene

Continued from Page 1
The Hertford Fire Department files contain photographs of a fire drill being held at the school during 1953 and also pictures of the burning building. It is felt by this writer that fire and emergency drills should be planned and held in all churches in Hertford and Perquimans County. Some churches are without bells or warning device for emergency signals. Even some doors are locked during times of occupancy. Each pastor and superintendent of church school should work out an evacuation plan and practice it. One church in Perquimans County has experienced a fire in the heating unit located in an aisle near the entrance of the church. If the fire had been serious, possibly people could not have evacuated safely by the heating unit. On February 9, 1967, over 100 children escaped death in a church in Baltimore when the roof collapsed in on them while attending a church service. Fire drills and emergency evacuation should be planned and practiced in industrial plants, factories and assembly areas. State and local fire codes should be complied with in regard to fire safety. Do not forget EDITH—Exit Drill in the Home. The life you save may be your own. All power is inherent in the people. —Thomas Jefferson.
