### Convenience Meals Eager Beaver 4-H Can Save Time

If time is a major concern for you, lend an ear to this, states Mrs. M. B. Taylor, Home Economics Extension Agent Perhaps you can help stretch those precious minutes by using convenience foods.

Here's why. Convenience foods can help save meal preparation time in these ways: They offer built-in maid ser-

vice. Much of the preparation, such as peeling, shelling or measuring has already been done for you.

Also, you don't have to spend our time gathing ingredients or selecting recipes. Often the ingredients are already together and the preparation instructions are listed on the container.

In addition, you may save on clean-up time. Fewer utensils are needed when mixing convenience foods than when preparing the same dishes from scratch.

Chances are you'll save cooking time when you use convenience foods, for items that added bonus, you may save trips served to all. to the supermarket. Convenience foods store well so you can buy several items at a time and store them in the cupboard or refrigerator for later use.

With all that maid-service, this question may come to mind: Do Bridge Club Hostess convenience foods cost more that similar items prepared from scratch? Often they do not.

One study, done by research of Agriculture, showed thisabout a third of the convenience foods they studied cost the same or less than their counterparts prepared at home.

Even so, before you decide to use convenience foods, consider the quantity and quality of ingredients used the taste and how the product fits into family

It all adds up to this. Today remembered me in prayers, most foods can be purchased-cards, gifts, flowers and visits fresh or processed. Before a wise while I was a patient in the homemaker, such as yourself, Albamarie Hospital and since my decides which to buy she should return home. take into consideration her May God bless each and family's needs and likes and her everyone of you. time, money and know-how.

# resounding reasons why you should buy a new Chevrolet instead of a new something else:

Higher resale value. Year after year. No other car in Chevrolet's field gives you as much back on your initial investment.

2 Deep down value. Exclusives like flush-and-dry rocker panels and an extra set of fenders keep Chevrolet looking good longer.

3 Smooth, smooth ride. Because of Chevrolet's computer selected springs, Full Coil suspension and advanced body mounting system. 4 Impressive styling. The impression is that it's an expensive car, if you

Massive interiors. Result? Room to stretch out or to sit tall. Chevrolet has more front leg room than any other car in its field.

**Side-guard beams.** Chevrolet puts more between you and the outside. Steel beams built into every door.

A finish that lasts. It's unfortunate other cars in Chevy's field don't have a Magic-Mirror finish because it sure keeps its shine. Exceptional engines. Chevrolet's standard 350-cubic-inch V8 runs on regular fuel. Plus there are five more engines available.

Tremendous selection. Of colors. Of accessories. Of engines. Of transmissions. Of fabrics. And of models. There are nine big Chevrolets alone.
