Senior Citizens Talent Show May 31
It's something you'll enjoy watching, it's free and it gives us an opportunity to express our appreciation to this community's senior citizens.
It's the Senior Citizens Talent Show to be presented Monday at 8 p.m. in the Perquimans High School auditorium.
Plenty of talent - including a show business veteran - will be presented and, if you have not yet been contacted, this will also be an opportunity for your church or organization to pay tribute to its oldest member - special presentations to honor that person will be made.
There will be prizes for such as the outstanding hog caller, dog caller and children caller.
All groups will be contacted and are urged not to show indifference to the senior citizens within their ranks by ignoring this opportunity.
The show is the culmination of Senior Citizens Month and the day itself has been proclaimed as Senior Citizens Day by Lester Simpson, chairman of the county commissioners.
Show participants thus far include Roy T. Blackeley of Edenton, Mrs. Eliza Perry, Miss E.V. Billups, Mrs. Hattie Pearl Ormond, C.O. Parker and many others.
If you would like an opportunity to be a part of this program, or know someone who would, please contact the Chamber of Commerce office, or the county Home extension agent.
The show is sponsored by the agents and the Chamber, C of C manger Frank Roberts will emcee the affair.
The time and place again; Perquimans County High School auditorium, Monday at 8 p.m. Come on down for an enjoyable evening and for the opportunity to pay tribute to this county's 1,100 senior citizens.

Card Of Thanks
I want to say thank you all of my friends, relatives, Ministers and the Church for their prayers and concern for me while I was a patient at Albemarle Hospital.
The lovely cards, flowers, gifts and visits I shall always remember and deeply appreciate.
Evelyn Harrell
(Mrs. Ralph Harrell)

Control both annual broadleaf weeds and grasses in sorghum with Milogard pre-emerge or AAtrex post-emerge.
Good sorghum growers try to get Milogard® herbicide on at planting or right after, before sorghum or weeds have emerged. This gives the earliest possible control, and the biggest yields at harvest.
Milogard kills weeds and grasses as they germinate. Control lasts till harvest. And you can rotate to cotton, soybeans or corn next year.
Application is easy...by ground rig, airplane, or from the planter or drill. Even weed 'n feed in liquid fertilizer.
For early, safe, pre-emerge weed control, spray Milogard.
If you can't get Milogard on pre-emerge, then AAtrex® herbicide gives you your best second chance to save sorghum.
One spray, after sorghum is fully emerged, but before weeds and grasses are 1½ inches high, gives you control up to harvest. With greater safety to the crop than 2,4-D.
Band it, spray solid or fly it on. But follow the AAtrex label for best results. There's nothing better for post-emerge weed and grass control in sorghum.
Geigy Agricultural Chemicals, Division of CIBA-GEIGY Corporation, Ardsley, New York 10502.
