

Program Scheduled At Church Of Christ

Young people and adults alike will not want to miss the upcoming night of inspiration and challenge presented by Don Todd, Youth Director for Revival Fires of Joplin, Missouri. The scheduled program will be held at Elizabeth City Church of Christ on Nov. 10, 11 and 12 at 7:30 p.m. Those attending may expect a very dynamic presentation of music and message! Don sings the new sounds of "modern Gospel" music which is sweeping the country. Be pre-recorded stereo, tape, Don is accompanied by the Bart Allan orchestra and the New

Direction Singers. Don will also have his 12-string guitar to conduct a sing-a-long. During the past several years, Don has toured extensively in the United States, as well as several foreign countries, and has become well known in his travels. Many of the songs on his record albums he wrote himself. Don is a regular feature on the weekly Revival Fires TV program, seen on 125 stations, and is privileged to work with top names in entertainment such as Art Linkletter, Stuart Hamblin, Vonda Kay Van Dyke, and others.

Since Don works full-time with youth, he is well informed with "what's happening today." Don shares personally with youth of the "Jesus movement", those with drug problems; and youth in numerous churches and schools. These subjects, among others, will be discussed during the program.

When Don first steps up to the microphone, you know he is sincere, dedicated and talented and that you will receive a great blessing by just being there. Join the thousands of other people who have come to know him and love him because of Christ.

Shop Now

Though we often complain that many rush the Christmas season, it's nevertheless true that Christmas shopping is best and easiest when done early—in November.

Most of us complain about the mad rush at Christmas after also complaining about rushing the season and much of the final scramble could be avoided by planning ahead and shopping early. That leaves the days around the 25th more free for the appreciation of Christmas' meaning and for feeling the pleasure and fun of the year's major holiday season.

September Bond Sales Set 28-Year Record

Sales of U.S. Series E and Series H Savings Bonds in Perquimans County for September were \$3,675,000. January-September sales totaled \$58,593,000. This represents 77.8 percent of Perquimans County's goal of \$75,285,000, according to R.L. Stevenson County Volunteer Chairman.

Sales of Series E Savings Bonds during September in North Carolina were \$6,753,099, setting a 28-year record for the month. H Bond sales came to \$112,000, 42 percent over last September, and the highest for any September since 1966. Total sales for the month were \$6,865,099, 19 percent over last September. January-September sales amounted to \$63,822,505—the best since 1944, and 89 percent of the state's 1972 dollar goal of \$71,700,000.

Nationally, during September there were new purchases of E and H Bonds amounting to \$472 million, 13.8 percent above 1971 sales of \$415 million. Total Bond sales for the month set a 20-year record for the month and exceeded redemptions, at cost price, for the 24th consecutive month, by \$113 million. Total cash sales of E and H Bonds for the first nine months of 1972 amounted to \$4,774 million, 14.4 percent above a year earlier. Holdings of E and H Bonds reached \$56.7 billion, \$241 million over last month. Series E Bonds outstanding have attained new peaks in each of the past 26 months; Series H Bonds have increased for 21 consecutive months.

Job Keeps

(Continued from page 1)

University's Division of Student Affairs, which is responsible for student life outside the eight degree-granting schools at NCSU.

The Division of Student Affairs provides two varieties of services. One aspect pertains to the student's academic and personal well-being, and includes such services as admissions, registration, career planning and placement, counseling, financial aid and health.

The other aspect covers programs for student development, with services in student government, publications, residence and fraternity life, and social and cultural opportunities. Dean Jessup works with every facet of University life in her job of supplying information and offering referral services for students.

She plans orientation programs for new students and initiates programs on issues which are of vital interest to young people. She also advises students with their problems and refers them to the proper office on campus for information and assistance.

Likes Football Her hours often stretch into the nights—but when there's time, she enjoys bridge, reading, music, tennis and spectator sports, particularly football. "My father is sports-minded," she said, "and we always went to football games when I was growing up."

A member of that National Association of Women Deans and Counselors, the National Association of Student Personnel Administrators and the N.C. Association of Deans of Women, Dean Jessup believes that students today are a responsible group.

"In working with them, I find they offer many concrete suggestions for improvement," she noted. "They are very level-headed, and are capable of providing input on policy decisions. "After all," she concluded, "we are making policies that affect their lives."

The Pedicar

Whether or not it turns out to be practical or successful, the pedicar—scheduled to be introduced to Americans soon by a Connecticut company—is stirring interest.

The car is supposed to sell for something over \$500 and will travel at speeds up to fifteen miles an hour. It will have no exhaust fumes and will be cheap to operate, because it's driven by pedals, which the driver works with one or two feet.

The secret of the new car is its lightness, easy pedaling, its three gears and easy rolling characteristics. It will be safer than bikes and as economical. It will provide good exercise for drivers, who have room enough to carry a baby or groceries, etc.

Whether this version of the ageless dream of a motorless car succeeds or not,

one hopes such a vehicle will soon be available—because of today's pollution,

congestion and other problems and because it will encourage more to exercise regularly.

PICKLED HERRING SUPPERS

GENEROUS SERVING FOR \$1.25

Are You Ready?

They'll be around next week. You may not know they're even in your midst...they go about their work very quietly. Who's coming? What will they do when they get here?

Why, here come de judges, naturally! For the AADA's annual community judging. They'll be sizing up the appearance of large and small communities in seven Albemarle Area counties. Winners receive prizes and things.

If you've noticed any unusual activity to spruce up your community lately, you can be sure they'll be looking you over. So, pitching, neatening up, so you'll be ready!
