## Hertford Bridge Damaged In One Car Accident

A one car accident which occurred at 9:20 p.m. Sunday night resulted in \$5,000 damage to the bridge on U.S. 17 by-pass near Hertford.

McKinley Windley, age 46, of Rt. 2, Belhaven was traveling south on U.S. 17 in a late model car. Windley, according to investigating officers, passed several cars and lost control of the car he was driving while traveling at a high rate of speed. The car then struck the east side

of the bridge tearing off approximately 20 feet of the concrete bridge railing, skidded crossways and then stopped. Windley was charged with driving under the influence and careless and reckless driving. He received incapacitated injuries and was taken to Albemarle Hospital. Damage to the car was estimated at \$2500.

According to investigating trooper C.H. Mims, prior to

the arrival of law officials, Windley asked an off-duty game warden to dispose of a bottle of whiskey which was in the car by throwing it in the Perquimans River. Upon denial, the driver then asked Harrell Belote, a U.S. Marine stationed at Camp Lejeune to perform the same favor. Belote agreed, and was later charged with delay, obstruct, hinder, and interference with an officer performing his duty.

Assisting the Highway Patrol at the scene of the accident was the Hertford Volunteer Fire Department, the Perquimans County Rescue Squad, the Perquimans County Sheriff's Department and the Hertford Police Department. These agencies helped water down the bridge to prevent a fire, aided in transporting the injured driver, and directed traffic which had been tied up for 20-25 minutes after the wreck.
