half years ago when Miss Gladys Hamrick came to Perquimans County as home agent there were only two clubs in the county one at Bethel and the other at Belvidere with a total membership of about 40. Compare these figures with today; now there are 12 clubs with 296 members, four 4-H clubs with 144 members, and at present, there are 82 pressure cookers in the county."

Taking a look backward

STOCK IN THE SUPER-NATURAL? Even though we don't take stock in the supernatural, we did enjoy this story so we pass it on to you and you and you...It seems that Mr. and Mrs. Blank were driving home to Charlotte from a weekend in Kings Mountain when they chanced to spy a young lady hitchhiker thumbing from a bridge between the two towns. They gave her a lift on the back seat and pretty soon the threesome became rather chummy, to the extent that she told them her name and gave then her them her address; a Charlotte address. Conversation lagged presently and when Mrs. Blank

stopping the car. There was nobody on the floor either! "There's more here than meets the eye," muttered Mr. Blank and the couple forthwith hied themselves to Mary Jones' address in Charlotte to ask some que tions. An elderly lady answered Mr. Blank's knock at the door. "Are you Mrs. Jones?" he asked. "I am," she answered, "and what can I do for you?" "Have you a daughter named Mary?" Mr. Blank prodded whereupon Mrs. Jones immediately burst into tears. "Come in," she sobbed. Inside the house, Mrs. Jones regained her composure. "You needn't tell me why you are here," she said, "you picked up my daughter on the bridge: Dozens of people have brought me the same story But I still don't under-

Says-

Services surpass record

Wed. March 1

direct services provided through the Community Life Program surpassed all previous monthly service records. These direct services, received by senior citizens, were Telephone Reassurance with 1,632, Transportation with 1,728, and Congregate Meals with

Telephone Reassurance allows senior citizens to be reassured by daily telephone contact with the staff at the Community Life Center. If a call is not received, the staff at Community Life investigates to see that all is well. Local law enforcement agencies provide their assistance when needed.

Transportation is provided to all senior citizens, utilizing the Economic Improvement Council, Inc. and the Community Life staff. E.I.C. must have 48 hours advance notice given except in emergency cases.

Congregate meals provide a senior citizen with a hot, nutritious meal Monday through Friday. These meals are contracted by Community Life from the Albemarle Regional Planning and Development Commission (ARPDC) which serves Region R, a 10-county area. All services provided through Community Life are free of charge and there is no income requirement for eligibility.

Community Life is an innovative program of the Pasquotank-Perquimans-Camden-Chowan District Health Department, serving residents over the age of 60. Ray Becklar is Program Director.

Other services provided during January include chore, home-delivered meals, counseling on problems, health education, sitting, and arts & crafts.

Many services are pro-

vided to senior citizens through other service agencies. COA provides a course in quilting, EIC assists in some transporting, Title VII of the Older American Act contracted through ARPDC provides congregate meals for 180 people daily, and Mental Health joins in assisting in the arts & crafts area.

More information about services offered for senior citizens may be obtained by calling 338-3935.

Seminar planned

Two organizations are teaming up on March 14 to sponsor an area meeting for people interested in the use of wood in home construction.

The day-long meeting, which will be held at Tuck's Restaurant in Elizabeth City, will be sponsored by the N.C. Home Builders Association and the N.C. **Agricultural Extension Ser**vice. Registration begins at 8:30 a.m.

Mrs. Paige Underwood, Home Economics Extension Agent, said the purpose of the meeting is to offer builders, architects and other interested persons practical information on the use of wood in home construction

Mrs. Underwood estimated that the information could save builders from \$150 to \$500 in the construction of an average mouse. It could also result in the wood lasting longer and being more satisfactory to the homeowner according to Mrs. Underwood.

She said the Elizabeth City meeting is one of nine such meetings planned across North Carolina in March. Speakers will come from the School of Forest Resources at North Carolina State University, the Southern Forest Products Association, American Plywood Association, and National Particleboard Association.

Persons interested in attending the meeting may contact the Perquimans County Extension Office.

Did School Board listen to citizens?

Mailbag

I am writing you concerning the error made in the headline of last week's paper. I feel the headline should have read, "School Board is proceeding with Building Program without Sufficient Funds."

The County Board of Commissioners gave the School Board \$500,000 to match the State School Board Bond of \$500,000 to commence Phase I of the repair and construction of the Perquimans County High School.

I feel that the School Board did not listen to the citizens of Perquimans County. The County School Board was voted down. There is no doubt in my mind that we need new facilities but not built in a swamp. There are too many op-tions left open and the voters did inform our elected officers and administrators that they did not like the plan that was presented to them. I wonder if Phase I consists of 50 gallons of paint and foundations being laid in the swamp adjacent to King Street.

I would urge each citizen of our county to be present at the school board meeting in March to familiarize themselves with all phases of the presently approved plans of the School Board.

CLIFFORD J. "PETE" PERRY Hertford, N.C.

EDITOR'S NOTE: We respect Mr. Perry's opinions as expressed in this letter but beg to differ on two points made. First, the headline appearing in last week's paper read, "Board approves go ahead with funds on hand." We do not feel this is an error since the Perouimans County Board of Education did indeed take action approving the go ahead of construction and renovation using the money currently allocated. Mr. Perry suggests another headline might have been more appropriate. That might be true. But the headline that did appear was not an error; it expressed fact. Secondly, Mr. Perry points out that the Commissioners gave \$500,000 to match the \$500,000 on hand from the 1973 Statewide School Bond Referendum. The money allocated by the Board of County Commissioners does not represent matching funds. Rather it comes from a fund that has been set aside for school construction. This money will be used to supplement the 1973 School Bond money.

Thanks for support

TO THE EDITOR: On behalf of the Perquimans County Jaycettes, I would like to take this opportunity to express the club's appreciation to all the parents, contestants, merchants, and other individuals that made it possible for us to sponsor the Little Miss Perquimans Pageant. The response and support was tremendous and we thank each for for the part he or she
