ABE RECRUITERS — Perquimans County was well-represented recently at an Adult Basic Education Volunteer Recruitment Workshop conducted by the Continuing Education Division at College of The Albemarle. The college has

initiated a special project to develop a volunteer network to recruit more of the 14,200 adults who are considered illiterate in its seven-county service area into ABE classes. From left, volunteers Mary Jones, Karen Ferrell, Henry Felton, Teri Coepland,

Helen Shaw and Gladys Hall, COA continuing education supervisor, have begun to contact the 1,900 county residents whose education ranges from none to an eighth grade level. (COA Photo)

Hertford Grammar School participates in state contest

February is Children's Dental Health Month. To highlight the month of February, the Children's Dental Health Month Contest will be

calling attention to schools in North Carolina making an effort to significantly improve children's dental health.

Hertford Grammar School will participate in the contest February 6-17. Each teacher has an activity score sheet, "Let's Get Dental" calendars and daily evaluation reports. The superintendent also has specific activities for which he can earn points for the school.

Suggested activities for the two-week emphasis are a classroom dental display, a dental play or puppet show, dental health film/filmstrip, dental health art projects, reporting students' daily home brushings, students wearing smile buttons at least one day, writing letters to parents on "Let's Get Dental" stationery and wearing "Let's Get Dental" buttons.

Each class involved receives ten (10) points for the completion of each activity. At the end of the contest, the points are totaled and presented to the principal.

All information will be submitted to the field coordinator by February 27. Cash awards for district winners will be presented later.

Perquimans Bands attend band clinic

GREENVILLE — Young musicians from 80 eastern North Carolina schools participated in the annual All-District Band Clinic at East Carolina University last weekend.

The clinic is sponsored by the N.C. Bandmasters Association, the ECU School of Music and the North Carolina Music Educators Conference.

Students auditioned for four clinic bands, conducted by Dr. William P. Foster of Florida A & M University, Levy Gaillard of Laney High School, Wilmington, Patricia Garren of South French Broad Junior High School, Asheville and Ronnie Wooten of Goldsboro High School.

Performances by the clinic bands highlighted the event.

Participating students also heard performances by the ECU Symphonic Wind Ensemble and the ECU Jazz Ensemble.

Herbert Carter of the ECU music faculty, director of bands for the ECU School of Music, was honored during the clinic by the eastern division of Bandmasters Association. The division announced its plans to commission a band composition in honor of Carter, which will be premiered by the ECU Wind Ensemble at the 1986 All-District Band Clinic.

Perquimans County High School and Perquimans Union School were among those participating in the clinic.

In addition, a plaque will be presented to the 1984 winner of the local meet.

The public is invited; come out and support your local school. Root for the "Quiz Kids."

Survey results available

Are today's teenagers uncommitted to long term goals? Or are they optimistic, planning rewarding careers and investing time in personal relationships?

Find out in the upcoming issue of "On Your Own" which presents the results of its national annual poll of tomorrow's leaders, today's high school seniors.

The survey reveals what seniors think of themselves, their lifestyles and society. This is a unique source of information with views on trends, issues and the future.

What's ahead for the class of '84? A special section in "On Your Own" reviews George Orwell's famous novel and presents through the science of futurology, scenarios of the next four decades.

Free copies of "On Your Own," published by 13-30 Corporation for the U.S. Army, will be distributed at Perquimans High School on Friday, February 17.

Seniors can obtain copies from their homeroom teachers.

Heart Answers

WHAT IS STROKE?

A stroke occurs when the blood supply to part of the brain is halted by either a clot, a ruptured vessel or pressure on the blood vessel by a tumor. Strokes are more likely to occur when arteries leading to the brain have been previously damaged by a disease process called hardening of the arteries. Warning signs of a possible stroke may include temporary loss of speech, loss of vision or double vision, unexplained headaches or dizziness. Regular medical checkups are the best protection against strokes. Contact your local American Heart Association for more information.
