

FmHA State Director visits local county office

Larry W. Godwin, State Director of Farmers Home Administration made a tour of the Perquimans and Chowan County FMHA office last week.

During his visit, Godwin complimented the local staff on the fine job they are doing in meeting the credit needs of farmers and rural home owners. He pointed out that \$3,885,000 in

credit was provided this past fiscal year and that the outstanding principal balance on loans currently held by county residents is \$29,905,000.

In addition to farm and single family housing loans, FMHA has provided loans for essential community facilities such as fire departments, water and sewer projects, and schools.

During his visit Godwin stated that he had forwarded a request for \$2 million to Washington, D. C. for funding of the renovation project at Perquimans County High School.

"I feel comfortable that it (the money) will come through," Godwin said. "We're on the line, it's just a matter of waiting through the process."

Farmers Home Administration is the credit agency for agriculture and rural development in the United States Department of Agriculture. The agency provides credit to those unable to obtain credit elsewhere. Approximately 12 percent of the farmers in North Carolina secure their credit through FMHA.

The local office is located in the ARPDC Building on Church Street Extended, Hertford.

It is staffed by Melvin E. Howell, County Supervisor, Martin Kent Sawyer, Assistant County Supervisor, Vicki Meads Winslow, County Office Assistant, and Yvonne S. Chambers, County Office Clerk.

Pictured left to right are the local staff of FmHA; Vicki Meads Winslow, Melvin Howell, Kent Sawyer, Yvonne S. Chambers, and State Director Larry W. Godwin.

Smith selected as outstanding farm agent

Lewis W. Smith, Jr., Associate Agricultural Extension Agent in Tyrrell County, has been selected as one of six outstanding young Extension Agents in the state. The selection was made by the North Carolina Association of County Agricultural Extension Agents, and the award was presented at its recent meeting in Charlotte.

Smith was recognized for his efforts to find a solution to the alligatorweed problem. This pest hinders the flow of water in about

half the canals and ditches in Tyrrell County. Smith is using a series of on-farm tests to try to find the best method for controlling alligatorweed. Information learned in the tests is being passed on to other farmers.

Smith has been on the Tyrrell Extension Staff since 1980. He has a degree in agronomy from North Carolina State University.

He is the son of Mr. and Mrs. Lewis W. Smith, Sr. of Route 2, Hertford.

LEWIS S. SMITH, JR.

Wilson named agronomist

James Crawford (Jimmy) Wilson, Jr. of Hertford has been named agronomist for the Chilean Nitrate Sales Corporation, headquartered in Norfolk, Va.

Wilson, 24, is a native of Hertford and a graduate of Albemarle Academy. He received a degree in agronomy from North Carolina State University in 1980. He continued his studies there and received a master's degree in Crop Science.

Wilson will live in the Tidewater area and travel throughout Chilean's distribution area. Chilean Nitrate Sales Corporation imports Bulldog Soda and Soda/Potash from Chile for sales to the agricultural and industrial markets throughout North America. Primary agricultural markets include tobacco, cotton, fruit, vegetables, sugar beets, Irish and sweet potatoes throughout North America. President Rodrigo Duran made the announcement for Chilean Nitrate.

Halloween ceramics class set

Halloween Ceramic Class — Register now! Classes will begin Tuesday, October 9 for six weeks. Anyone ages 8-15 may sign up. The class will be held at the Senior Citizens Center in Hertford. Melba Overton, owner of Melba's Ceramics, will be the instructor. The fee is \$6.00.
