Letters, cont.

Dear Editor:

Wednesday January 18, 1989 three buses filled with excited and enthusiastic band students, band director, band parents and other chaperones and residents of Perquimans County departed from the Perquimans County High School Band Room. The Band was going to Washington, D. C. to participate in the 1989 Bicentennial Presidential Inaugural Parade. They were not the only ones going though, because in a short period of a few weeks over \$17,000 was raised thanks to the love and caring of all the individuals, groups, clubs, businesses and churches---in spirit they also were going to Washington!

As the buses passed the Washington Monument on the way to the hotel, a huge and beautiful fireworks display began and all the students said "They knew we were coming and this is our welcome into town.

Thusday morning began with a trip to the Capitol Building to meet with a photographer to have a group band picture taken. After the picture, the group returned to the hotel to change clothes and prepare for a day of sightseeing in Washington, D. C. There was not enough time for all to see and do everything, but as many sights as possible were taken in. Some went inside the Washington Monument and Lincoln Memorial, to the Viet Nam Wall to find the names of relatives and friends, some went ice skating, some even saw Dan Quayle as he arrived at the Museum of American History, some went to the Air and Space Museum and other Smithsonian attractions and some were given a tour inside the Capitol Building. Everyone had

Danny Privott; Pres. Perq. Co. **Band Boosters**

For all Band Boosters, Band Students and the Band Director. Dear Editor,

I've gone to the March for Life since its beginning, only missing a few years for health reasons. Now 16 years and 25 million slaughtered innocent children later, since the Supreme Court legalized abortion, was marching again. Unlike other years when my feet and hands were almost numb from the cold, this year was warm and bright. There were 70,000 marchers including some in wheelchairs and on crutches. But what stood out the most was that the majority of them were young and enthusiastic. Some of the 16 year olds and younger carried signs stating, "I survived the abortion holocaust" as indeed they had. Many of our cities, including our nation's captial, have more abortions than live births

My 10 year old daughter carried a sign which read "Life is Sacred, please protect it". I couldn't help but remember how the military doctors recommended that she be aborted. Their reason was that I was 43 years old and had 5 other children. I can't imagine life without this bright sunshiny child.

The Liberty Baptist University Singers added a spirit of joy to the March. The podium was filled with Senators, Congressmen, Cardinals of the Catholic Church, Jewish Rabbis, and Protestant clergymen including Randall Terry, leader of Operation Rescue. The first speaker was Senator Jesse Helms. an outspoken defender of the right to life of unborn children and probthe politician who the most to stop the killing with our tax money. It made me very proud to be living in North Carolina when I heard this man of high ideals speak.

Perquimans County High School Dateline.

The February 1 bloodmobile at PCHS was very successful. Eighty-one students went to the gym between 10:00 a.m. and 2:00 p.m., willing to donate a "pint of life" to the Red Cross. Fifty-seven pints were collected.

Thirteen students volunteers and six community helpers assisted during the drive. The Home Economics classes made peanut butter and jelly sandwiches to serve the donors and helpers.

Laurie Horner, Red Cross Field Representative for Perquimans County, was very impressed with the students. She visited the school earlier in the year and explained the great need for blood donations. and helped to dispel the myths associated with giving blood. She labeled the PCHS blood drive

the best in which she had ever been involved, thanks to the maturity displayed by the students. Horner said she was very impressed with the behavior she witnessed.

Those students who attempted to donate were: Robert Boyce, Kevin Knowles, Sean Bloodworth, Reggie Trueblood, JoJo Parker, Bennie Everett, Georgette Drozdowski, Kathy Warden, Carl Terranova, Christy Waters, Jennifer Kraft, Tanya Twine, T.G. Weeks, Jeff Nixon, Jamie Westover, Che Sutton, Tyrone Johnson, Tim Byrum, Andrea Bass and Kathy White.

Also, Angie Mallory, Tonja White, Karen Hollowell, Lisa Rennie, Nicole Cooper, Tim Corprew, Wayne Long, Aaron Saunders, Rosa White, Dean Boyce, Bill Jennings, Wanda Harrell, David Abernathy, Stan Griffin, Kenneth Waters, Derrick Rogers, Lori White, Patrick Simmons, Chad Nixon, Deana Shively, Robert Winslow, Brice Shirey, Tammy Willetts, Vincent Wood, Lisa Webb and Theda Everett.

In addition to Cornelius Mack, Irvin Everett, Catherine Walker, William Turner, Vivian Howell, Marc Combs, William Fowler, Christine Carson, James Felton, Richard Snow, Kevin Sawyer, Fen-ton Cartwright, Jimmy Sadowski, Darrell Jones, Sidra Hooks, Eric Wills, Mike Fish, Ryan Overton and Tyvoice Coston.

And Keith Wilson, Yvette Leigh, Angel Vaughan, Sharla Ward, Tammy Stanley, Jody Cohee, Brian Chappell, Tisha Turner, Dawn Dougherty, Melissa White, Jamie Westover, Jackie Ward, Sharla Prebble, Ersal Overton,

Tracy Cohen and Becky Worley. Assistant Principal Henry Felton, Athletic Director Spencer White, teacher Kay Whitley and former maintenance engineer Curtis Lightfoot also supported the students by going to give blood.

Student Red Cross assistants were Andrea Bass, Dawn Benton,

Host families for students sought tries and have spending money and

Host Families are being sought for 25 high school students from Sweden, Norway, Denmark, Finland, Holland, Austria, Switzerland. Germany, Spain, France, Italy, Brazil, Ecuador, New Zealand, Australia and Japan for the in a program sponsored by the American Intercultural Student Exchange (AISE) The students, age 15 through 17, will arrive in the United States in August 1989, attend a local high school, and return to their home countries in June 1990. The students, all fluent in English, have been screened by their school representatives in their home coun-

Angie James, Tracie Brown, Nancy Boynton, Derrick Rogers, Christy Waters, Cornelius Mack Brice Shirey, Tisha Turner, Carl Terranova, Paula Stallings and Lori White.

Those from the community who assisted were Emma Byrum, Betty Beers, Mary (Sam) Hare, Ruby Bateman, Betty Ann Thach and Lillian Elliott.

Competency testing On February 13, 14 and 15, tenth

grade students will take a competency test, along with eleventh and twelth grade students who were unsuccessful in their previous attempts on the test. The State Board of Education has mandated that all students attending an accredited high school must pass the basic competency test in order to receive a diploma. The test was initiated to insure that all graduates have basic skills.

'The test is survival skills,'' said Guidance Counselor Elaine Pritchard. It involves fundamentals such as reading a menu and understanding electric bills.

Thach said.

Earlier in the week, the girls traveled to Camden and dealt the Lady Bruins a 53-32 loss. Freshman Shereka Privott scored 11 points in that contest, and according to Thach "played a real solid ballgame.'

Thach said the first team played only about one and one-half quarters of that game, giving the second string some much-needed court time

On Wednesday Manteo over-whelmed the Lady Pirates with a 87-59 defeat. Thach said the Redskins were "hot," hitting 75 percent from the floor, and 79 percent from the free-throw line. Although the Pirates had a 15-3 lead in the first quarter, they could not hold on as the Manteo team seemed to hit every shot.

"I wasn't disappointed at all," said Thach of the loss.

The Lady Pirates are averaging 56 points per conference game, and have won 15 straight conference games at home. 'We're pretty

a very enjoyable and memorable time.

Thursday night the band held a rehearsal at the hotel pool area and a large crowd of spectators both from the group and others staying at the hotel watched, listened and applauded. After the rehearsal, Perquimans County School Superintendent Dr. Mary Jo Martin addressed the students and told them how proud she and the entire community was of them.

Friday morning at 7:30 a.m. the group arrived at the Pentagon parking lot to receive final instructions before heading to their final destination at 1201 Pennsylvania Avenue where they played for two Presidents (Reagan and Bush) and then they had front row seats to view the 1989 Bicentennial Inaugural Parade as it proceeded from the Capitol Building to the White House.

While the band played its music and the crowd of spectators listened and sung along, a very impressive blue and white Bicenten-nial Inaugural banner hung on a pole above them. This banner is now hanging in the Band Room.

Saturday morning the entire group departed the Best Western Hotel and drove by the White House and Capitol Building for one last look. They went by the Lincoln Memorial and crossed the Arlingtoh Memorial Bridge on their way to tour the Arlington National Cemetery. They saw the grave of John F. Kennedy with the eternal flame burning and arrived at the Tomb of the Unknown Soldier in time to witness the impressive ceremony, the changing of the Guard. This truly was a very fitting ending to a trip and experience that was enjoyed by all and will not be forgotten for a

long, long time. The band's trip to the 1989 Bicentennial Presidential Inaugural was made possible by the combined ef-forts of the entire community. Yes, it was the band that received the invitation, but due to the pride, love and caring of everyone who gave money, time, food, cookies and other goodies, this venture was made possible.

Once again, thanks to EVERY-ONE that helped make it possible. We can be proud of this group of young people. They truly rep-resented us well!

Other Congressmen from California to New Hampshire spoke to us and as I looked over the crowd with their banners from across the country it was safe to say that every state in the union was represented.

Our new President spoke over the sound system from the White House. President Bush has an adopted granddaughter, and President has an adopted son; both of these men are grateful to those mothers who chose life for their children. Our President wants Roe vs Wade overturned to restore the protection of life that unborn babies enjoyed in our country for almost two hundred years until the Supreme Court declared them not persons. As the Dred Scott decision, which declared black people not persons, was reversed; so will the Roe vs Wade decision be overturned. The killing of our most important natural resource, our children, must stop. We must solve the social problems that make babies unwanted, not by eliminating the babies, but by eliminating the problems.

During the last 20 years, centers to help mothers with problem pregnancies have sprung up all across our land to provide all the help and care that is necessary for women to be able to choose life for their children. Abortion is an act of desperation and despair. Women need to know that pro-life people are here to help them in every area of the country. Thomas Jefferson said, "The

care of human life and not its destruction... is the first and only legitimate object of good govern-ment." The March for Life is a visible expression of this belief. It displays the optimism of people throughout the land who believe that the gift of life is our most precious possession. It was a joy to share the day with this diverse crowd who had one thing in common, to protect the lives of God's most innocent children.

SAVE YOUR VISION WEEK

The first week of March is the 61st Anniversary of SAVE YOUR VISION WEEK, a national event. A Presidential Proclamation each year reminds the nation that vision is a priceless gift to be protected by each of us.

Regular eye examinations are the best way to protect vision. These examinations often pick yp the early stages of eye diseases like glaucoma or diabetic retinopathy, diseases that can be treated to prevent vision loss. Regular eye examinations can prevent visual handicaps from impeding your child's learning. A prescription for safety lenses can prevent eye injuries in the factory or on the farm.

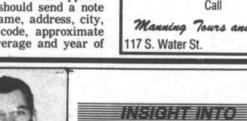

If you or your loved ones haven't had a complete eye examination recently, make an appointment now. It is the best way to observe SAVE YOUR VISION WEEK.
