**Flag Day and
The United
Nations Idea**

**Flag Day and the
United Nations Idea**

The President of the United States has proclaimed June 14, 1942, as Flag day. He has asked the American people to honor on this day—not only the American flag—but also the flags and peoples of all 26 united nations. The President's proclamation said, in part:

"We as a nation are not fighting alone. In this planetary war we are a part of a great whole; we are fighting shoulder to shoulder with the valiant peoples of the united nations, the massed, angered forces of common humanity. Unless we triumph, all will fall.

"For these reasons it is fitting that on our traditional Flag day we honor not only our own colors but also the flags of those who have, with us, signed the declaration by united nations, paying homage to those nations awaiting liberation from tyranny we all oppose, to those whose lands have escaped the scars of battle, to those who have long been heroically fighting in the blaze and havoc of war . . ."

These are the united nations whose peoples we honor:

The United States of America, the United Kingdom of Great Britain and Northern Ireland, the Union of Soviet Socialist Republics, China, Australia, Belgium, Canada, Costa Rica, Cuba, Czechoslovakia, the Dominican Republic, El Salvador, Greece, Guatemala, Haiti, Honduras, India, Luxembourg, the Netherlands, New Zealand, Nicaragua, Norway, Panama, Poland, the Union of South Africa, Yugoslavia.

The young of elephants are known as calves.

**NEGRO FARMERS PREPARED
TO WIN THIS WAR**
(Continued From Page 1)

Today, Mr. Mitchell says its a different story; hundreds of farmers are attending county meetings, new farming techniques are employed, most farmers grow their own livestock feed (soybean hay, lespedeza, and peanut hay); many build brooders, and thousands of day-old chicks are placed with adults and 4-H club members, there are purebred sire associations in several counties, canning clubs are springing everywhere and the farm family with its radio, white and colored newspapers is far better informed than it was back in '17.

Analyzing the part Negro farmers are playing in the war effort, Mr. Mitchell says that a delineation program is under way in which neighborhood leaders are being selected. When the program is complete it will be possible to reach rural people in the most remote areas and assist them in, the food-for-freedom drive. Among other things, the state agent says district meetings have been held at Shaw university and Livingston College with 90 farmers, farm agents, ministers and teachers in attendance. At these meetings plans were laid for mobilizing the farmers of North Carolina in an all-out effort for the food-or-freedom program.

Concluding his report, Mr. Mitchell points out that while the present Extension staff will be able to do an excellent job of promoting wartime agriculture, additional agents would make the work more effective.

ANY MONEY?
Need a parlor game? Here's a suggestion from Backley, W. Va. Award a prize to the woman with the largest number of articles in her purse. A local group tried it and the winner was Miss Emma Sikora. What it had 1th cigarettes, coupons, cosmetics, keys, hairpins, mirrors, pencils, etc., she had 126 articles.

**Art Exhibition
Opens At Bennett**

An exhibition of the work done by art students at Bennett college during the past year was opened recently. The exhibit, which was arranged under the supervision of Melba Dennis, art instructor, was held in Holgate library and is open to the public.

Work in design and crafts is featured in the exhibit, which includes samples of many forms. Pottery, designs for linoleum cuts, and costume designs are on display, as well as posters and examples of landscape sketching, figure drawing and work in charcoal, crayon and watercolor.

WILLIAMS-DAY.

Mr. H. Day, star first baseman of the Goshen Red Wings was married to Miss Mattie Williams at the residence of Mrs. Nellie Herbin, 413 Bennett Street, Friday, May 29. Miss Williams is a student of Bennett college.
