

MURIEL RAHN NAMED GUEST STAR ON NATIONAL FARM MEET PAGEANT

The North Carolina Association of New Farmers of America, host to the 13th National N. F. A. Convention set for A. and T. College on August 3-5, with delegates from 17 southern states, announced yesterday that plans for bringing Muriel Rahn to Greensboro to appear as guest star at their pageant have been completed.

Miss Rahn, widely-hailed concert singer and for two years star of the Broadway production, "Carmen Jones," is no stranger to agricultural and farm activities, having been at one time secretary to the late Dr. George Washington Carver, famous ag-

ricultural chemist whose experiments and chemistry wizardry with the peanut and sweet potato, has served as an inspiration to farm youth throughout the world.

The New Farmers of America is the national organization of Negro farm boys studying vocational agriculture in the public schools throughout the United States. The organization now boasts 25,000 active members in approximately 1,000 chapters. The organization affords its members an opportunity to develop leadership in their vocational, social and recreational life, the type of leadership essential for the modern successful farmer.

The national talent show and pageant, one of the highlights of the convention at A. and T. College this year, is being directed and produced by Dick Campbell, former talent coordinator for U. S. O. Camp Shows His pageant with Miss Rahn as guest artist, will depict the activities and contributions of the New Farmers of America organization throughout the South.

Several outstanding American leaders will be on hand to address the delegates coming from Texas, Oklahoma, Alabama, Arkansas, Delaware, Florida, Georgia, Kentucky, Louisiana, Maryland, Mississippi, North Carolina, South Carolina, Tennessee, Virginia, and West Virginia. Speakers slated to appear prior before the nation group include Dr. F. D. Bluford, president of A. and T. College; Dr. Shaw University; R. Gregg Cherry, Governor of North Carolina; Dr. G. P. Deyee of Michigan State College, Dr. Wilbur F.

Stewart from Ohio State University and Dr. W. T. Spanton, Chief of Agricultural Service, U. S. Office of Education, Washington, D. C.

JACK NOT STUCK

HASTINGS NEBR. — When Jack Berggren, graduate student at the Hastings College conservatory of music, arrived early to practice for some piano solos during the college chapel period, he found one of the piano keys was stuck. Nothing daunted, when chapel time arrived, Berggren presented, instead, a program of vocal solos.
