Tobacco, Cotton, And Peanut Farmers To Vote July 18

By Woody Upchurch

North Carolina tobacco, peanut and cotton growers will vote on a total of four issues in a joint referendum to be held Tuesday, July 18.

Secretary of Agriculture Orville Freeman has announced this date for tobacco growers to vote on continuation of the present acreage-poundage control program with price supports.

The three commodity groups, Tobacco Associates, N. C. Peanut Growers Association and the N. C. Cotton Promotion Association, have selected the same date to have farmers vote on continuation of the respective assessment programs which support the work of the three groups.

These are the issues to be voted on:

1. Continuation of tobacco acreage-poundage program for the years 1968-1970.

2. Continuation of assessments in an amount to be determined by the board of directors of Tobacco Associates but not to be more than \$1, 1968-1970. The assessment is to support work of the organization in promoting, developing and expanding domestic and foreign purchase and consumption of flue-cured tobacco.

3. Continuation of assessments on peanuts in an amount of 2 cents per hundred pounds for the years 1968-1973. The collected funds will be used to support the promotional work of the N. C. Peanut Growers Association.

4. Continuation of an assess-
