THIS 'N THAT

Patterson Grove Section

School began at Patterson Grove and Beta-Ware last Thursday, and the scout-age boys and girls went back to their reading, writing and arithmetic. These schools have a summer session and then close about six weeks so that the children can help gather the crops. It's not going to be a lot of fun to study while the thermometer lingers around 95 degrees but its gotta be done if at the end of the term you want to hear your teacher say "Well done, my good pupil, you may now pass on to another grade!"

A revival meeting began at Penley's Chapel church Sunday night. Rev. Phillips, pastor of the church, has charge of the services which begin at 7:45 each night.

The M. L. Thornburgs didn't plan for a family reunion, Sunday, but they had one anyhow. Among those who visited them were: Mr. and Mrs. La. B. Thornburg and son, Duke, of Shelby, Mr. and Mrs. Gresham Thornburg, Mr. and Mrs. J. D. Mr. and Mrs. Howard Ware and children, and Misses Mary Frances, and Lucille Ware, and Miss Willadon Thornburg, visited the Kings Mountain Battleground Sunday. Others from this section who were visitors there were: Messrs Earl, Mac, and Lawrence Scism.

Miss Mildred Ledford of Archdale visited friends here Sunday.
Miss Elvia Eters spent the week-end with Miss Helen Patterson.

Sentinels of Health

Don't Neglect Them!
Nature designed the kidneys to do a marvelous job. Their task is to keep the flowing blood stream free of an excess of toxic impurities. The act of living—life itself—is constantly producing waste matter the kidneys must remove from the blood if good health is to endure. When the kidneys fail to function as Nature intended, there is retention of waste that may cause body-wide distress. One may suffer nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—feet tired, nervous, all worn out.
Frequent, scanty or burning passages may be further evidence of kidney or bladder disturbance.
The recognized and proper treatment is a diuretic medicine to help the kidneys get rid of excess poisonous body waste: **Use Doan's Pills.** They have had more than forty years of public approval. Are endorsed the country over. Insist on Doan's. Sold at all drug stores.
