

**THIS 'N THAT**

By Alice Burton

**Patterson Grove Section**

A large number attended the revival meeting at Patterson Grove last week. Those who joined the church by baptism were baptized at Mr. J. B. Patterson's pool Saturday morning.

All the school children and the teachers attended the morning services. Thursday a group of the school girls sang two special songs. Every day just a few minutes before time for the service to begin the school bell was rung and the pupils who had been out for recess went back to their rooms. Then they marched single file into the church and were seated. Several comments were made on their good behavior. Of course everybody is expected to behave in church but when a large group of former school teachers say: "I look forward to your

piece in the paper and I'm disappointed when you skip a week." Thank you, Mrs. Hallman, I hope you won't ever be disappointed in my column. I admit that I've been feeling sorta discouraged lately and wondered if anyone bothered to read this any more. I don't know who wrote the group of children can be quiet together, anywhere, congratulations are in order.

I was flattered last week by har-words: "Praise is not only gratifying but the source of fresh energy" but I do believe there's true. But words of good natured criticism are better, in this column writing business, than no comment, because it at least lets one know that they are being read.

**SOCIAL ITEMS:**

Mrs. Marion Putnam nee Miss Ola Hamrick of Waco, spent last week with her mother and other relatives in this section.

Mr. and Mrs. Tom Thornburg and niece and Mrs. Laura Roberts of Georgia, spent last week visiting relatives here.

John W. Greene formerly of Kings Mountain but now of Belmont are visitors of friends and relatives here.

Mr. Buddy Shumaker of Charlotte is a guest of Mr. Jake Thornburg this week.

Mr. Andrew Burton is sick at the time of this writing.

**Crimson Clover Cuts Winter Dairy Costs**

Every farmer is constantly on the search for methods of lowering production costs while maintaining or increasing yields. Dairy farmers can find one answer to their search right here, especially those who have trouble with winter production costs due to the dormancy of pasture grasses during the cold months.

F. R. Farnham, dairy specialist of the State College Extension Service recommends the seeding of crimson clover on permanent pastures for year-round grazing even in the Piedmont and mountain sections. The clover will provide succulent feed for cattle at a time when the growth of regular pasture grasses is stopped by cold weather.

He explained that lack of pasture and forced barn feeding of cows are the two big factors which cause high winter milk production costs.

Now is the proper time to make ready for seeding crimson clover, Farnham stated. Where permanent pastures have a fair growth of vegetation, a good practice is to broadcast crimson clover seed directly in with fertilizer on basic slag, spread lightly over the pasture.

From 15 to 20 pounds of seed per acre is needed to supplement permanent pastures, the specialist said.

He expressed the opinion that very few, if any, farmers in North Carolina fail to recognize the beneficial results to the soil that always occur when such legumes as crimson clover are turned under, but that relatively few realize that crimson clover will prove successful when seeded in permanent pastures.

**MARGRAVE NEWS**

Mrs. Hunter Ramsey

Mr. and Mrs. J. H. Boheler and children, Helen and Janice, Misses Reola and Janie Boheler motored to South Carolina Saturday to celebrate the 7th birthday given in honor of Mr. A. J. Boheler. They were accompanied by Messrs William Black, Harry Faysoux, R. A. Jolly and Misses Selma Gantt and Es'ele Boheler.

Mr. Hay Goforth has returned home from the hospital where he underwent an operation on his eye.

Mr. and Mrs. Clarence Jolly and sons, Clinton and Clarence, jr., and Mrs. R. P. Thomas have returned home after spending the week end at Myrtle Beach.

**NOTICE**

Federal Works Agency, Public Buildings Administration, Washington, D. C., Aug. 4, 1939. Sealed proposals in duplicate will be publicly opened in this office at 1 p. m., Standard Time, Sept. 6, 1939 for construction complete of the U. S. P. O. at Kings Mountain, N. C. Upon application, one set of drawings and specifications will be supplied free to each General Contractor interested in submitting a proposal. The above drawings and specifications MUST be returned to this office. Contractors requiring additional sets may obtain them by purchase from this office at a cost of \$5 per set, which will not be returned. Checks offered as payment for drawings and specifications must be made payable to the order of the Treasurer, U. S.

Have Your Eyes Examined, Glasses Fitted

By

**DR. D. M. MORRISON**

Optometrist - Eye Specialist

Will be in Kings Mountain Office on Every Tuesday and Friday afternoons. Hours 1 P. M. to 6 P. M.

Drawings and specifications will not be furnished to Contractors who have consistently failed to submit proposals. One set upon request, and when considered in the interests of the Government, will be furnished, in the discretion of the Commissioner, to Builders' Exchanges, Chambers of Commerce or other organizations who will guarantee to make them available for any Sub-Contractor or material firm interested, and to quantity surveyors, but this privilege will be withdrawn if the sets are not returned after they have accomplished their purpose. W. E. Reynolds, Commissioner of Public Buildings, Federal Works Agency, 8-10-17.

**Sentinels of Health**

Don't Neglect Them!

Nature designed the kidneys to do a marvelous job. Their task is to keep the flowing blood stream free of an excess of toxic impurities. The act of living—life itself—is constantly producing waste matter the kidneys must remove from the blood if good health is to endure. When the kidneys fail to function as Nature intended, there is retention of waste that may cause body-wide distress. One may suffer nagging backache, vertigo, dizziness, or may be getting up nights, swelling, puffiness under the eyes—feet tired, nervous, all worn out. Frequent, scanty or burning passages may be further evidence of kidney or bladder disturbance. The recognized and proper treatment is a diuretic medicine to help the kidneys get rid of excess poisonous body waste. Use Doan's Pills. They have had more than forty years of public approval. Are endorsed the country over. Insist on Doan's. Sold at all drug stores.

**TOM AND GEORGE**

Tom: "Our colored church was making a drive for funds, and Uncle Reetus refused saying he owed everybody in town now; the solicitor asked him if he didn't owe anything to the Lord, and what do you think he said?" George: "I imagine he said he did, but the Lord wasn't pushing him like the other creditors." We are pushing our wicker furniture and porch chairs right now. Look 'em over.
