**TOM AND GEORGE**

They wrote the State Dairy Department and asked how long cows should be milked; can you make a guest what the answer was? George: "I suppose they told him they should be milked just like short ones. The long and the short of it is that we believe business usually comes where it is invited and stays there as long as it is well treated."

**Patterson Grove Section**  
 It happened at the fair: A small boy who has been rarin' to go across the waters and help fight the war, went to the fair with his parents one night last week. When they began shooting the fireworks, he became so frightened, he got down on his hands and knees and "took off" among the parked cars hunting for a place to hide, I suppose.

He thinks some of these grown-ups who THINK they would like to go to war would react in the same way if it came to a show down. I mean, if they were about to be called, they would be looking for a place to hide. Had you noticed that the ones who do the most talking are pretty sure that they would not have to go?

But lets skip war talk and talk some more about the fair. It's too bad it couldn't have lasted longer, but all things must end, some time and already they are promising to have something to look forward to next fall. In the mean time the next "big time" day to everybody is Halloween.

Saturday is October 7th. That used to be a big day in Kings Mountain. They say those celebrations they once had were sumpin'! Wonder why we don't have them any more?
