Mountaineers Play Forest City Here Friday

Kings Mountain's dauntless Mountaineers, resting in sixth place in the Western Conference, hope to move up on by upsetting Forest City this Friday afternoon on the home ground.

Last year's Forest City team hand of the Mountaineers one of their worst defeats, but with a two week rest, Coach Cline Farthing hopes to throw a strong team up against them. Bennett is still out with a

broken hand, leaving a hole in the Kings Mountain line, but Farthing hopes that Mittham and Gantt can overcome this.

Last week the Mountaineer "B" string held Shelby's Little Lions to a 7 up tie, each team battling away, futilely, to cross the other's goal line the second time. Gaffney and Cobb looked good for the Mountaineers, playing backfield football equal to that of varsity men.

BELK'S BUGLE BLAST

Those who want the smartest, style, fashion, quality and above all VALUE, in their purchases buy at this particular Belk Store.

Another reason we have such good business is this Store called an Armistice to any advances in Prices and Merchandise when everyone else tells you things are going up. For even in Wool Goods as well as Cotton Goods your local Store has protected our Customers for the rest of the Season by means of unusual large stocks and purchases at the Lowest of the Low Prices which are passed on to you.

NOTE—The letter quoted below appeared from us way back the first days of September—just when the first rises in war-scare prices began to be talked of by our competitors and friends.

The Fall and Winter Goods now on our shelves were bought before the outburst of the European War at Low Prices and we assure our Customers that War Prices will not exist in our store. Prices may Ascend skyward but the Goods we now have on Display—(and we have a sufficient amount to fill the wants of our thousands of Customers for many months hence)—will not be advanced. We bought our Fall and Winter Merchandise in time to save our Customers money and the war scare will not advance the price of Goods now on display, so come on friends and take advantage of Belk's usual Low Prices. We have no control over the wholesale market, but we can, and will, hold down prices on Goods now on all our floors. No war profiteering will ever exist in our Store. Of course we have no way of controlling the future market, but we do assure our friends that we will protect them against high prices with our enormous stock now on display in our entire Store.
