

Buyers Of Food Get Protection

Raleigh.—Housewives and other citizens of North Carolina can now buy their foods "with greater assurance of purity" because of the rigid enforcement of the pure food laws and constant crusade against improper labeling or misbranding, Commissioner of Agriculture W. Kerr Scott reports.

"When you call for your hamburger today, you can rest assured that it will be free from the injurious sulfites and other preservatives that were so prevalent a few years ago," Scott declared. "In fact, the virtual elimination of sulfites from meats has not only been a boon to the consumer but has resulted in the removal of inferior meats from the market and created a demand for quality products."

Commissioner Scott said that "the State Department of Agriculture has not paraded its program of con-

sumer protection, but rather has worked quietly and effectively in policing the food industry," adding "this service has not only saved the purchaser from financial losses, but has given equal protection to the honest manufacturer and merchant. Exen your dogs receive protection under the regulatory and inspection laws enforced by the Department," Scott remarked. "Today standards for dog food sold have been adopted and our chemists are on the job to check on ingredients that may be declared but not present or that may be injurious to the animal. North Carolina's fertilizer and feed laws have been revised to meet

the needs of a more progressive agricultural program. These changes and the strict enforcement of these laws has saved farmers from inferior products and at the same time created a greater appreciation of quality goods."

The Pit Under New Management

The Pit, Kings Mountain's home of delicious barbecue sandwiches, has been purchased by Mr. William Hagley of Shelby who has already taken active charge of the business. Mr. Hagley says he likes Kings Mountain very much and he extends a cordial invitation to everyone to visit his shop, which is next door to the Dixie Theatre.

Mr. Hagley is a member of the American Legion and is a very friendly person. He and Mrs. Hagley are planning on moving here just as soon as they can find a suitable home.

Farm Fruit Budget Told By Niswonger

H. R. Niswonger, horticulturist of the State College Extension Service, says every member of a farm family should not only eat the proverbial "apple a day to keep the doctor away," but also should have a fruit budget for the year.

He recommends 12 pounds of dried fruit, 24 quarts of canned fruits, and five pints of jelly for each member of the family.

To help farm people fill their fruit budgets, the horticulturist makes the following suggestions:

Cultivation and fertilization: Spray your apple and peach trees in order to have fruit comparatively free from worms and rot diseases.

Fertilize bearing grape vines with one to two pounds of a 5-7-5 commercial fertilizer per vine. Stable or chicken manure is also good. Do not apply fertilizer or manure close to the vine. Thin out the bearing raspberry rows so that the remaining canes will be three to ever foot of row. Fertilize the raspberries which are bearing with manure or two pounds of nitrate of soda per 100-foot row.

Newly set grape vines, raspberry, and dewberry plants should be fertilized with manure or one table-spoonful of nitrate of soda per plant. Apply in a ring at a distance of one foot from the plant. Cut each grape vine and berry plant to a few inches above the ground, leaving several buds.

Care should be exercised in hoeing young raspberry plants so as not to cut off the new shoots that develop from the roots at the base of the plants.

The most notable advance in the treatment of tuberculosis in our generation has been the development of pneumothorax, which is a method of putting the lung most diseased at rest by compressing it with air.

Tuberculosis may be detected in its early stages by a skin test followed by x-ray when the reaction is positive.

BOY SCOUT EVENT CREATES INTEREST

Quietly and without publicity five of the Boy Scouts of America in a Scout Event Tuesday afternoon on the School Recreation Park on the York Road. A Kings Mountain community strip for their uniform was presented to each Scout entered.

Seven projects were presented on a patrol basis. A patrol flag was won and will be presented to Troop No. 1 sponsored by the Presbyterian Church, Troop No. 2 sponsored by the Lutheran Church, Troop No. 5 sponsored by the Pauline Goodfellow's Club, and Troop No. 7 sponsored by the Margrace Goodfellow's Club.

The projects on the basis of which judging was done were Personal Appearance, First Aid Relay, Knot Relay, Pup Tent Pitching, Fire by Friction, Fire Building and First Class Cooking. The judges were Scoutmaster R. L. Santon and Sea Scout Commodore Summerow of Gastonia.

Later during the summer another event is being planned to which the public will be invited.

SCOUT LEADERS ATTEND CAMP

A group of Scoutmasters and leaders attended a Scouters Camp held over the past week-end at the Piedmont Boy Scout Camp at Lake Lanier near Tryon. This camp is held each year before the opening of the camp to the Scouts of the Council area of 11 counties.

Interesting programs in Scouting activities were presented in the Assembly Lodge. The leaders were quartered in the 22 patrol cabins which accommodate eight Scouts each. Meals were served by the camp cooking staff in the outdoor mess hall.

A patrol of eight of the leaders of the Kings Mountain group set up tent quarters and prepared their own meals. They worked out an overnight camp program which they will present to their own troops. Troops entering into this activity were local troops Nos. 1, 2, 4, 5, 7 and 8.

Those attending included Carl W. Davidson, Jack Hullender, H. D. Wilson, H. C. Wilson, Clyde Key, O. D. McDaniel, Aubrey Mauney, Zeb Falls, L. C. Detmar, Bryan Hord, B. R. Tate, Paul McGinnis and Bill Thomson.

Each of the troops of Kings Mountain has made plans to attend the camp for a week during the summer. The Piedmont Council Camp is fast being recognized as the best equipped and managed boys' camp in the South. Although the camp is only for the Scouts in the Council boys have been accepted a double the rate which is only one dollar per day from outside the area. Two Scouts are in camp from Louisiana and from the Panama Canal Zone.

Testifying before the house Naval committee after a closed session, the chief of naval operations said the proposed program would add about 200 fighting ships to the navy and 1,250,000 tons to the navy's authorized combat tonnage.

If the rest cure is properly carried out, practically all cases of early tuberculosis can be cured.

TOWN OF KINGS MOUNTAIN LICENSE SCHEDULE

The Board of Commissioners of the Town of Kings Mountain adopted the following license schedule for the year July 1, 1940, to June 30, 1941:

Traveling Theatrical Company, per day	\$25.00
