LITTLEJOHN-COON WEDDING

In a quiet but very impressive

evening at 8:30 o'clock at the Methodist church in Bessemer City Miss Sara Elizabeth Coon and James Edward Littlejohn were united in marriage by the Rev. Harold M. Robinson, pastor of the bride.

Altar decorations were tall floor baskets filled with Shasta daisies and fever few and branched candelabra set with cathedral tapers, posed against a background of ferns and graceful greenery.

Albert Withers gave an appropriate program of music prior to the ceremony. His numbers were: My Heart at Thy Sweet Voice, from Sampson and Delilah, and Lebestraum. Miss Annie Stabler sang, O Promise Me, and, I Love You Truly.

During the ceremony, Traumerel was played, and the wedding music of Wagner and Mendelssohn was used as processional and recessional numbers.

The bride and bridegroom entered the church unattended. The bride was lovely in a costume of powder blue marquisette worn with white hat and accessories. Her flowers were gardenias in a shoulder bouquet.

The bride is the youngest daughter of Mrs. John A. Coon and the late Mr. Coon. She was graduated from Bessemer City High School in the class of '39 and is prominent in the work of her church.

The bridegroom is a son of Mr. and Mrs. D. G. Littlejohn, of Kings Mountain. He was graduated from Kings Mountain High School and later studied at A. S. T. C., Boone. He holds a position with the Western Auto Supply Co. in Kings Mountain.

After a trip to the mountains the couple will be at home with Mrs. Littlejohn's mother.

What Telephone Dollars Do For Dixie...

First in your mind, perhaps, the telephone industry's principal contribution to the South is quick, dependable communication.

But Southern Bell is also important as a citizen, as an employer of people, as a payer of taxes, as a purchaser of materials. In 1939 alone, operating expenses amounted to approximately fifty-five million dollars, not including additional millions used for new construction.

To build, operate and maintain this system requires more than twenty-one thousand skilled workers whose annual payroll is approximately thirty million dollars.

These telephone men and women contribute to the business and social welfare of their communities, and of the South. They and their families compose a group of perhaps eighty thousand people who are dependent on this business for their livelihood.

As a tax-payer, the Southern Bell does much toward the support of the local, state and national governments. Total taxes last year exceeded nine and three-quarters million dollars, nearly twenty-seven thousand dollars a day.

The Southern Bell Company is a Southern industry in the fullest sense and its activities form a substantial contribution to the growth and prosperity of the South.
