**Doctors Say
KEEP BOWELS OPEN
During Cold Epidemics**

When colds are all around you don't let weak spots in your defenses arise due to constipation. "Keep Regular," many physicians advise. For constipation and its strengthening symptoms; headache, biliousness, sluggishness, dizziness, use a laxative that acts thoroughly but not harshly. All such one is Dr. Hitchcock's All-Vegetable Laxative Powder, which acts thoroughly, but usually with gentleness when taken as directed. It contains pleasant-tasting aromatics, carminatives and what is known by medical authorities as a gastro-intestinal tonic-laxative. It helps tone sluggish bowel muscles. Dr. Hitchcock's Laxative Powder acts less than 1c a dose. Get it at any drug counter. 10c, 25c. (adv.)

(Cont'd from Front page)
even if they have to borrow the money to do it. And, they say, they can get the unwilling dollars through taxation.

Thus charges that industry is "sabotaging" national defense are booming against the accusers. The President, the National Defense Advisory Commission, the Secretary of War, Secretary of Navy, and so on down the line, insist that industry is doing its yart. That should satisfy the most violent critics.

As a matter of fact, an increasing number of legislators is becoming convinced that the hurling of such charges against industry in itself amounts to sabotage. Because it simply creates doubt and uncertainty in industry at a time when it should be allowed to produce national defense without having to defend itself unquestioned patriotism.

In this connection, some legislators have been brought suddenly up against the realization that they are now passing their tenth tax bill in

the last nine years. As one of them put it, "we've been following a let's tax this tax that—theory until we don't know what we are taxing."

He points out that out of these 10 tax bills, eight have been passed as late as June and only two earlier in the year. That means that industries which would like in December to plan their activities and program for the next full year can't do so because they won't find out until June or later what taxes they will have to pay for the year.

Incidentally, newspapermen who follow tax legislation are usually pretty sound judges of the wisdom of tax bills. In a recent press gallery discussion, a group of them suggested an amendment to the so-called "excess profits" bill. It was this: Strike out everything and insert: "Excess profits is stuff that if the government says you got any, whether you understand it or not, it will tax 'em—and reavy!"

The tax bill may be big (at last count it was 105 pages) but the defense job is bigger. In a recent address, H. W. Pentis, Jr., President of the National Association of Manufacturers, emphasized this. He reminded that building a two-ocean navy is a tremendous job because it means increasing the size of the navy 100 percent. But the Army is to be increased 1,000 per cent.

In addition, he said the original 100 percent has to be modified to meet modern warfare requirements. He said, too, that another example of the size of the job is the fact that in the construction of a single Martin bomber, 400 to 600 sub-contractors are involved.

Fewer grades of fertilizer and larger tonnage of mixture containing high proportions of plant foods are progressive tendencies evident in the results of a survey and analysis of 1939 fertilizer sales.

**Mountaineers Win
Opening Game 12-6**

(By Manly Moorhead)

Coach Cline Farthing's Mountaineers opened the 1940 football season with colors flying high when they defeated the Gastonia Green Wave to the tune of 12 to 6 last Friday night at the High School Stadium in Gastonia. The game was witnessed by approximately 3,500 spectators.

It looked discouraging to the Mountaineers when Cecil Mingus, in the run-back of the opening kick-off, carried the ball from Gastonia's 15 to Kings Mountain's 46 yard line. After several plays a touch-down was scored by Gastonia. The place-kick for the extra point was low, however, and it wasn't long before the local team began to click. From that point on and throughout the game the outplayed the Green Wave on both defense and offense.

In the second quarter Allen intercepted Sheppard's pass on the Kings Mountain 35 and ran it to mid-field. A pass, Gibson to Moss netted 19 yards to Gastonia's 36. A few line plays, featuring Gibson's plunging and Allen's speed, netted a total gain of 30 yards. Then a pass Gibson to Ware, scored the Mountaineer's first touchdown. The line play for the point was stopped, and the half ended with the score 6-6.

During the half the popular Kings Mountain Band and the Gastonia Band played and marched on the field. Their demonstrations were concluded with the "Star Spangled Banner" being played by both aggregations.

Second Half

Play was resumed, but neither team scored in the 3rd quarter. The outstanding play of this period was when Jimmie Dickey broke through the Green Wave line to block Keever's kick on the Gastonia 30 yard line.

The Mountaineer's winning touch down was made in the fourth quarter when Allen "a little streak of greased lightning, broke loose around right end for 42 yards, being tackled by the safety man, Mingus, on the Gastonia 13. Allen went off tackle for 7, Gibson made four in the middle, and Allen dashed through the line for the score.

Allen and Gibson were the Mountaineer's standouts in the backfield, while Dickey, Moss and Ware featured in the line.

Walker and Mingus played well for the Greenies.

The line-ups:
