Mr. Hunicutt not only takes the picture but also has his own dark-room and develops and prints the photo: The young ladies in the picture are all dressed up to a big time, see how many you can identify.

Five Suits Against Town Are Settled

Five suits against the Town of Kings Mountain for damages incurred by the construction of the overhead bridge at the corner of King Street and Battleground Road were settled yesterday without going to trial in the Superior Court in Shelby. Two other suits, in which agreements could not be reached were postponed for trial at a later term of court.

The suits compromised yesterday and the amounts settled for are as follows: John Plonk and J. E. Lipford, \$1,500; C. L. Reynolds \$1,500; J. E. Herndon \$250; Mrs. Frank Summers and Mrs. J. E. Herndon \$1,350, and George Mauney \$350.

The two suits that were not settled are, M. L. Harmon and Pure Oil Co.

The suits were brought as a result of the construction of the overhead bridge which necessitated filling in the street in front of the property.

Mayor J. B. Thomasson represented the Town in the meeting, at which the agreements were reached.

Witnesses had been called, and the cases had been set for trial, but the compromise was made before the cases were called for trial.

Will Rogers' Humorous Story

By WILL ROGERS

HERE'S another one about a kid that disgraced his folks, like kids are always doing. This George had been away for a week with his mother in the country, and his little brother, Jack, had been left at home with his dad. The teacher was hearing all about it.

"Well, did the little brother learn anything while you and Mama were gone?"

"Yeah, he learned a lot of new words."

"What, for instance?"

"Oh, they're all words that Mama won't allow us to say! Jack, he learned them from Dad."

Boyce Child Seriously Hurt In Fall From Car

The condition of James Gibson Boyce, four year old son of Rev. and Mrs. W. M. Boyce of First ARP Church, was reported as unchanged Tuesday morning. He is in Presbyterian Hospital in Charlotte.

The child was seriously injured yesterday afternoon when he fell from his father's car six miles from the city on the Providence road. An examination revealed a skull fracture.

Mr. Boyce said that he was visiting in the Providence section and that James and a small friend were on the back seat. While traveling about 40 miles an hour, the boys in their play hit the roof handle, causing the door to fly open. James fell on the road pavement, he said.

Mr. Boyce was formerly pastor of Boyce Memorial ARP church here.

Laughing Around the World With IRVIN S. COBB

Where Life Still Is Simple

By IRVIN S. COBB

ON THE Staked Plains in western Texas life is more or less primitive. A Federal judge down in Texas told me a story illustrative of conditions in that wide and rather desolate area. According to his account, a traveler on horseback was making his way through an

especially remote district. After hours of lonely riding he approached a tiny adobe house sitting in the midst of an unbroken expanse of alkali and mesquite and bunch grass. Just as he came abreast of this forlorn homestead, a thin, under-nourished woman in a faded wrapper darted out of the door, sped across the road and hid herself in the chapparal before the traveler either could hail her or inquire into the causes of her flight. As he checked up, puzzled to account for this curious behavior on her part, a lubberly boy, apparently about fourteen years old, came hurrying forth from behind the little building.

"Mister," he called, "did you see a woman ruinin' away jest now?"

"I did," said the stranger. "Who was she?"

"That was my maw."

"Your maw, eh? And what was she running away from?"

"I reckon she's runnin' away from me—doggone it!"

"Why, you infernal young scoundrel!" exclaimed the traveler. "I've half a mind to get down off this horse and give you a good thrashing. What do you mean by chasing your poor mother about over the country like this? What has she done to you?"

"She's a-aimin' to wean me," said the youth.

The annual Red Cross Roll Drive begins Monday morning with the goal being set at \$2,500 which is the same amount set up last year. Co-Chairmen of the Drive, B. S. Peeler and P. D. Patrick have been busy they past several days getting every thing lined up for the drive that will mean so much to Kings Mountain. The chairmen stressed the fact that only 50c from each member is sent to National Headquarters, the rest remains here to relieve suffering among those who need help. The need is greater this year and those in charge of the drive are very anxious for everyone to have a part in the contribution.

Permanent office under the direction of Mrs. Ruth Gamble is maintained in the City Hall throughout the year and some of the cases that come before her would make any citizen happy to contribute to the fund.

Besides the welfare work that is handled by the local chapter of the Red Cross, Home Service, First Aid, Life Saving, Home Hygiene, and care of the Sick and Production of treatments are other phases of worth while services that are accomplished.

During the year the Chapter rendered service and relief in 224 families, 202 calls, were made to homes and references, 1217 interviews were held in the office.

In dealing with each case it is the ultimate plan of the worker to do a constructive job and to assist the individuals in becoming self-reliant and in filling their places as worthwhile citizens in the community.

The Chapter works in close cooperation with other community and county agencies so there will be no duplication of effort or relief. The work consists chiefly of cases of temporary care and emergency relief.

Committees appointed to aid in the drive which begins Monday follows:

- Business District, W. E. Blakely, Chairman; J. B. Keeter, J. W. Millan, G. A. Bridges, C. D. Blanton, B. S. Neill.
- Mills and Industries, Ladd Hamrick, Chairman; W. K. Mauney, P. M. Neider.
- Group Enrollment, J. H. Thomson, Chairman; Z. F. Cranford, Arnold Kiser.

- City Group Enrollment, J. B. Thomasson, Chairman.
- Grover Enrollment, J. L. Herndon, Chairman.

Washington Snapshots by JAMES PRESTON

(Opinions Expressed in This Column Are Not Necessarily the Views of This Newspaper.)

Secret plans already made in Washington disclose that things now being done under cover of "national defense" are just a sample of what is to follow:

Boondoggling as this column has reported, figures largely in the plans. But that is only a minor part of what some planners have in mind.

An investigation to be made by a Senate committee is one threat. It was supposed to go only into foreign ownership and control of American industries which are essential.
