All friends are cordially invited to come during these hours.

Auto Fatalities Increase
 RALEIGH, Nov. 24.—With North Carolina counties reporting for October the greatest number of motor vehicle fatalities ever recorded in a single month, 141, the year's total deaths skyrocketed to 1,001 for the period from January through October 1941 according to figures released by the Highway Safety Division.

Pecan Trees in State Are Attacked By Scab
 Thousands of rural and urban homes in North Carolina have a round them one or more pecan trees. There are a few commercial pecan orchards in the State also. Howard R. Garrison, Extension plant pathologist of N. C. State College reports that a large number of samples of diseased pecans have been sent to his office this fall, and they continue to come in every few days.

COWS HELP INCREASE TOTAL FARM INCOME
 The farmer who keeps five to ten cows and pays strict attention to their feeding, breeding, and management knows the meaning of balanced farming and permanent security, according to Fred M. Haig, professor of animal husbandry and dairying at N. C. State College. Within less than 50 years, the production and utilization of milk have so increased that today the United States is the greatest of the dairy nations. Around 25 million cows are milked daily on three quarters of the country's 6 million farms.

More Milk In Winter

When green vegetables are less plentiful, safeguard the winter diet by including milk. There is enough energy value in a daily quart of milk to supply one-fourth the total amount needed by the average adult. A good habit is drinking a glass of GOLDEN GUERNSEY before retiring.
