# \$ SPENT IN KINGS MOUNTAIN

## Will Return To You

No great thing was ever created suddenly. And so it is with business or any civic move for the betterment of a town or community. No great thing was ever created by any one person as every one learns and is helped by the contributing to society of others, either in thought, labor, earnings, or co-operation.

The Educational Trade at Home Program was created and inaugurated in our city several months ago, steadily it has increased and grown through the co-operation of the civic minded business firms of Kings Mountain. Lets make this the winning program of the year. Get in and pitch for your home town.

Better business for the merchant means better business for you. Trade with your home town business firms, give them your loyal support. Create the idea and principle of trading at home. Help the business firms to grow and you help yourself to grow. Create better business and you create a live and progressive town in which to live.

BUYING AT HOME INCREASES LOCAL PAYROLLS
