A woman there was who lived in a town.
And the way to be happy they said he had got.
As I wanted to learn it, I went to his cell.
And this answer he gave, as I asked him to tell.
"To be being and doing and having that make
All the pleasures and pains of which mortals partake.
To be what God pleases, to do what is best,
And to have a good heart, is the way to be blest."

PATRIOTISM TO WHOM?

Our country has just witnessed the humiliation of our government by American coal miners and their leaders in war time.
They are now trying to overlook the fact that the men walked off the job in defiance of requests of the President of the United States, they refused to go back to work at his request and only returned to work on orders from the head of their union.
This flagrant disregard of public welfare and established agencies of government was but one step removed from open revolution in war time.
And yet the head of the United Mine Workers, according to news reports of May 4 says to the men who struck: "Your record of patriotism can never be challenged."

Many large districts have come out of business. Many more are on the verge of bankruptcy. The nation having to rely for its food on the family farm where the members get up in the early hours into the rows, tend to the farming during the day, milk the cows at night and at a late hour call it a day go to bed, and get up to do the job all over again seven days a week.
If the farmer worked the short hours and received the high pay of workers in war industries who are constantly striking for even higher wages, those workers would probably be paying a dollar a quart for milk.

Nature's requirements on the farm recognize no artificial production limitations and slow-down sabotage.
There are two good places to put strikers today — in the Army and on the farms. They would then get an idea of what real work is.

THE NEW FRONTIER
Every great war opens a new frontier. Prior to the first world war, the frontiers were geographic. The civil war was followed by the great westward trek of war weary men and women looking for new opportunities and a new life. With the close of the current conflict at least a major portion of the new frontier like that of twenty five years ago will be in the industrial field but instead of automobiles, it will be this time in the scientific development of the nation's natural resources. Research men of the coal, metal mining and oil industries working quietly in laboratories surrounded by military secrecy, are laying the basis of the future.
They have seen the new frontiers in all the sciences and sciences and have laid out the paths of the future.
The new frontiers are in the sciences and sciences and have laid out the paths of the future.
The new frontiers are in the sciences and sciences and have laid out the paths of the future.

HERE AND THERE

Haywood E. Lynch

Add to your list of Patriotic Parents who have two or more sons all of whom are in the Armed services: Mr. and Mrs. G. G. Olive, whose sons, Pvt. Hal Olive and Lt. Donald C. Olive, are now serving Uncle Sam.

The war has curtailed lots of items and activities but one thing not injured in any way is the quality of the music of the Kings Mountain School Band, under the direction of Paul Hendricks. Of course the band has been forced to postpone district and state and region contests on account of the war, but the music as produced at the annual concert last Friday night definitely proved that all good things are not seriously damaged by that maniac Hitler. The playing of the young musicians was superb and Conductor Hendricks and his youthful artists are to be congratulated on "Carrying On" in time of struggle and strife.

Unusual Fact: The Three Phifer Brothers who are stationed in different parts of the United States serving Uncle Sam happened to arrive home at the same time to visit their parents Mr. and Mrs. Campbell Phifer.

Hint to Local Housewives: The Local Ration Board had received ceiling prices on different cuts of horse meats. I am very fond of horse meat to ride but NOT to eat.

Katherine Mauney who is already one of the busiest ladies in town has accepted a position on the Price Panel of the Ration Board, but even with her many other duties I'll predict that little Katherine will do an excellent job.

I forgot to mention last week that the honor for reporting the first garden peas picked from his own garden goes to W. B. Huskey of the Patterson Grove community who gathered a beautiful "mess" on May 18th.

I know Will Harmon down in Palm Harbor, Florida, will appreciate the gift being sent him by J. B. Thomason — a subscription to The Herald, because J. B. said that every week after his Herald arrived Will, former citizen of The Best Town in The State would come by to read his copy.

The telegram Capt. Meek Ormand received telling him of his new grand-daughter down at Camp Shelby, Miss., read just like a train order which said: "Arrived 11:30 Weighed 6 pounds" Signed Mary Lillian.

Several members of the Kings Mountain Volunteer Fire Department are attending the State Fire College and Drill in Charlotte. The three-day session began Tuesday and ends today. Firemen Pat Tignor, Ware, Charlie Blalock and Floyd Thornburg are attending the entire session and will be awarded diplomas, signifying they have completed the entire three-day course. Other members attending, according to City Manager H. L. Burdette are: Chief Grady W. King, Glenn Grigg, Hunter Allen, Russell Smith, Hal Ward and Dave Saunders.

Compositions of N. C. Composers Featured

A program of music featuring compositions of North Carolinians was rendered in the music hall at Lenoir-Rhyne College Monday evening and is of unusual local interest on account of the facts that several of the numbers were compositions of Mrs. Aubrey Mauney and James Thornburg, student at Lenoir-Rhyne was one of the soloists. Mr. Thornburg sang two of Mrs. Mauney's compositions and another an organ number was played by Mrs. Mauney.

Miss Pearl Little of Hickory, a former music teacher in Kings Mountain, and well known here presented some of her pupils who played selections written by her, organ number and a piano also played. A march composed by Miss Little. A number of other selections written by North Carolinians were featured.

The concert was under the direction of Miss Helen Stadler, president of the Music Club and one of the music teachers at Lenoir-Rhyne.
