***************** WITH THE BOYS IN SERVICE ------

ive been getting the Herald almost every week and, I can assure you I've enjoyed it more than words can express It really makes a fellow feel good to get news from his home town. Especially when he is in the Service and away from home. I've seen the letters wrwitten by some of our boys so I thought I'd do the same.

I am in the Merchant Marints and naturally I think its the best part of the service. I'm at Academy here in Long Island, N.) it's really a swell place, and I like it very much We go to basic

sists of navigation, mathematics: naval science, first aid. gunnery. lifeboat drill combat swimming etc. Then we go to sea for six months training. Then back to the Academy for advanced training. On completion of this you receive a commission. Its really a good chance for a boy to get a good education if he so desires it in this manner. The intentions are to make this place equal in scholastic quality to that of Annapolis and West Point. sincerely believe they will do just

that. Time will tell of course. The people here are really nice to us. They have a service center here where we can go on the weekend. There we can read. dance. write, etc. The hostesses do everything they can to make a fellow feel

The food here is exceptionally good. I'll give you an example of ment we had today for lunch. It consisted of roast duck, and dress ing garden peas, rice and gravy, carrote rolls and butter, sweet milk, ice cream and cake. I'm not trying to lure boys into this service but I know they would like it. If they want a good education along with plenty of excitement and action this is the place. Of course, there's a lot" Cant tell that would make this letter more interesting. but this will give the boys some I'll close now. S've S . Wright and the barbers my regards... Sincerely.
