

Love Affairs and all your cares.
 Come to this when I group at night
 Say! that was a pretty sight
 when K. M. boys stepped up on
 Monday. Though the girls had but
 we'll sit out there.
 You're such a car load along with
 those. Some basketball boys had
 a good time.
 David and Jimmie B. Oles and
 Doris, Terry and Mary Ann were
 seen at the ball game together
 (Friday night) and assembled at
 Toots for recreation afterwards.
 It seems that two different crowds
 of boys were seen going out of
 town in opposite directions. Would
 where they were going. Could
 it be to Shelby and Charlotte.
 This younger crowd seems to me
 they in the show for their fun
 Could it be their meeting place?

Prison and Mary Ann seemed to
 be on the ball Saturday night. It
 might be the starting of a new
 romance.
 John W. Hines for David to come
 around after but she has her eyes
 on someone who could be called
 "Warm."
 Why didn't we see Joanne, Mar-
 ton, and Aris at the ball game.
 Could it be they didn't have an
 escort. I know they are scarce now
 but not that scarce.
 Jimmie rather be around Hazel
 than some girls he knows. This af-
 fair seems to be getting hot.
 Gene and Toots, while and
 Myra and Mary Ann and Terry.
 Have a special date every Sunday
 night.
 I have heard there is a secret
 group of boys who meet a certain
 night during the week to have fun.
 How about some of you guys get-
 ting back on schedule, since es-
 sams are over, and get your date
 back? Well, so long until next time.
 Me see
 Me hear
 Me write

QUOTES OF THE WEEK

"There is no way to bring a bureaucrat to book except by an outraged public opinion in a flagrant case." — David Lawrence.

"I think the thing we will find most difficult after the war is getting capital for business enterprise. With taxation at the point it is now, it is going to be hard to get capital behind anything." — Former Governor Alfred E. Smith.

"Free enterprise creates the sustenance of our people and also the tax reservoir for the government itself. The great values of the free enterprise system can be preserved

if the American people see clearly and understand its value as related to any other system." — U. S. Senator A. W. Hawkes.

"We must guard against accepting war emergencies as permanent fixtures in the American pattern." — L. W. Houston, Vice President, Rensselaer Polytechnic Institute.

"There is no royal road to Tokyo." — Marine Commandant Lt. Gen. A. A. Vandegrift.

"The American people inherit an obsession that government itself is some sort of tyranny. Government only becomes a tyrant when the people abdicate their position as sovereign." — Miss Marguerite M. Wells, President, League of Women Voters.

"The countries that claim to be non-capitalistic are the most war aggressive. Where there is a wheel turning there is investment which is capital. In the progress of America, the people have put up their own capital and the government has remained the servant as our Constitution intends it to be." — Clifton (N. J.) Times.

"It would be just as disastrous for business to be unprepared for a sudden peace as for the Army and Navy to be unprepared for the prolongation of hostilities." — R. H. Geyer, advertising agency president.

"A devotion to the concept that complicated matters of government must increasingly be done through administrative agencies, is misguided if it leads in any degree toward the totalitarian goal of uncontrolled authority in any agent of government." — Charles F. Short Jr., Chicago attorney.

"Initiative, respectfulness, and independence of state and municipal government are being stifled by the trend toward greater dependence on and control by the Federal government." — Gov. Leverett Saltonstall, Mass.

Ain't Love Grand!

Jack is head-over-heels! He has just met the one—the only—the most beautiful girl on earth. And when he isn't talking her so face-to-face, he's using the telephone to express his sentiments at length.

Yes, Jack, love's a grand feeling! Yet if you're using a party line, none of your telephone neighbors can talk while you are courting. A tied-up line also helps cause congestion in the central office. It puts an added burden on equipment through which our calls must pass. This equipment can't be expanded to handle all demands, for telephone material is going to battle instead.

So please, Jack, help keep the lines clear—for your party line neighbors, the folks of your community, and the people handling vital war business that can't wait. Go to see the lady, and avoid telephoning her. If you do call, please be brief; she'll understand when you tell her why.

Women of America IT'S UP TO YOU!

OUR ENEMIES have boasted that American women are pampered, luxury-loving morons who would be of no help to our fighting men at war. But—they were wrong. American women everywhere are doing a bang-up job—in the service, in industry, in business, on the farm and in the home.

But—bigger incomes are tempting some women to buy luxuries they've wanted, perhaps for years, but which they don't really need now.
 Every true American woman says that the war will end soon. But you've got to do more

to hasten victory, for 1944 is the year of decision. You've got to do your full duty by our boys at the front by keeping up your regular purchases of War Bonds by buying at least one extra \$100 Bond during this Drive and by saving every cent you can in the world's best investment—War Bonds of the Fourth War Loan.

When the war is over, you'll have a lot more money to buy what you want. Meanwhile, you can exult in the knowledge that you are fighting for your country in the most effective way possible. Women of America—it's up to you!
