SUBSCRIPTION RATES Payable in Advance Two Years \$1.50 One Year \$2.00 Six Months \$1.10 Three Months .50

A weekly newspaper devoted to the promotion of the general welfare and published for the enlightenment and benefit of the citizens of Kings Mountain and its vicinity.

WOOD

The post looked at the kindly oak And his soul was lifted high. As he saw its widespread arms

A brook from the sky It filled its breast with a new-found cheer

And his heart seemed all afloat. As he spoke to the yeoman standing near

And worshipfully sighed, "It's great!"

And the yeoman — one of Nature's lords — Quite willing to agree, Said "Yes, I reckon they're twenty cords

O'wood in that thar tree!" — Unknown

To the People of this Community

ALL OR BE KILLED United States Marines paid the stiffest price in human life per square yard for the capture of Tarawa, vital Pacific outpost.

It was kill or be killed. Your boys did not flinch when they ran into the deadliest fire-power along the beaches of this important Gilbert Island stronghold.

This assault, bloody and costly, is one of the many which must be made before Tokyo and Berlin are pounded into dust and ashes.

What are you doing to back up the boys? Remember these are boys from this very community, perhaps from your very home.

Any home in your neighborhood which today does not display the treasury's red, white and blue 4th War Loan Bonds proclaiming "We bought Extra War Bonds" is not backing the attack.

Every Extra War Bond you buy becomes a direct fighter against Japan and Germany. If you could but see one man die on the battlefield, you would not count the cost of your slight sacrifice in buying Extra War Bonds to make each succeeding assault less costly in the lives of our boys.

You can't afford NOT to buy Extra Bonds in the 4th War Loan if you would help these boys.

THE EDITOR

U. S. CITIZENS PAY MORE

Information released by the Treasury Department reveals some startling figures as to the taxes being paid by citizens of the various Allied Countries. In 1943-44 a citizen of the United States will pay \$97 as compared with a per capita payment of \$261 in the United Kingdom, and \$261 in Canada.

Senator Wheeler recently made the statement that "My guess is that by the end of next year, that is, taking in to consideration the fiscal year ending June 30, 1944, plus six months of the following year, our country will owe more money than all of our allies and all of our enemies put together."

The average farmer is apt to feel that per capita taxes and governmental debt figures are too astronomical for him to understand. However, it is not difficult to understand that you as an individual are paying \$66 more than a British citizen pays. Why is this so?

The answer is simple. While per capita war expenditures are practically identical, other expenditures by government in the United States far exceed those of our Allies.

Parsons should write to their Congressmen and urge them to keep non-war expenditures trimmed to the bone.—Southern Agriculturist.

HERE AND THERE

Waynes E. Lynch C. L. Early, collector of fines for the Kiwanis Club from members who forgot to wear their pins to meeting, had a fast one pulled on him the other night.

When Charlie Thomason called his brother in Palatka, Florida, to inform him of the serious illness of his mother, Mrs. Thomason answered the phone. She got the message confused and told her husband that J. S. Thomason who is at his winter home in Palm Harbor, was seriously ill.

Seen on My Rounds: Hunter Patterson coming out of the Post Office with a broom in his hands. Another one of those paper weights with soldier's pictures in it or the desk of Mrs. Gene McGarner in the City Hall.

I noticed two fathers of boys in the service, R. D. Ethers and C. L. Black buying bonds for their boys in service. Here's two soldiers who are not only fighting but buying.

OPEN FORUM

Editor of The Herald:

The tremendous accomplishment of newspapers in the sale of advertising for the Second and Third War Loans was recognized widely not only as a very important contribution to the war effort but, also, as an outstanding example of the essential public service that newspapers deliver.

Newspapers are now selling a large volume of Fourth War Loan advertising. I realize, however, that newspaper shortages or other problems may have a tendency to reduce the sale of this vital advertising by some newspapers.

Will you pull a strong one in this boat by selling and printing a large volume of Fourth War Loan advertising?

Sincerely yours, Frank E. Tripp.
