To the People of this Community
YOU ARE IMPORTANT
There is no such thing as a "little" investment in the Fourth War Loan.

POETRY
What good is money, the poets cry,
As they scribble verse and vainly try
To swap it off for some bread and meat.

ALAS, ALAS!
Pity the poor Americans! It seems the post war dream cars we have been hearing about and seeing pictured here and there are just a dream after all.

14,000,000 CORDS - YOUR BOY'S SUPPLIES
Why are 14,000,000 cords of pulpwood needed in 1944?
A clear-cut answer may be found in the disclosure that the Army Service Forces, whose job it is to equip American invasion forces, plan to land six tons of supplies initially for every American overseas and an additional ton for the first sixty days.

HERE AND THERE
Haywood E. Lynch
Red Falls, whose number is about up with the local Draft Board, says the Army is getting pretty hard up when it begins taking blind men.

I stopped by to see George Mauney this week and found his office all decorated up with "standards" and cards from the boys in service. It was quite a contrast, most visitors keep their eyes trained on the pictures of the pretty girls.

The first letter received in Kings Mountain expressing thanks for the hospitality shown the soldiers who recently camped here was from a First Lieutenant, the second one from a Colonel, and the third and most recent one is from a Major General. So we had better be on the look-out as we might receive one shortly from the Commander-in-Chief.

Believe it or not, but I caught Tom Fulton putting some machine on a bicycle in his hand. Tom says that the bicycle was the result of manual labor.

Got P. D. Herndon, who is just back from attending the National Cotton Council Convention in Memphis, to tell you the joke he heard out there about the soldier from Brooklyn.

I want to wish a very happy birthday to Mrs. Mary Harmon who will pass her 84th milestone next Tuesday. There is only one other citizen who is older than the kindly, saintly lady in the Best Deal in The State, and he is Daniel Fulton who is a few years her senior. Happy birthday, Mrs. Mary, and may you have many pleasant returns of the day, next Tuesday.

WAR BONDS
" Bombs Away! " These bombs are leaving an American "fortress," somewhere over Jap installations. The bombs we make today will be dropping on German cities, Japanese islands in a very short time. The home front must fashion them and pay for them with War Bonds.

When you buy War Bonds your money goes into action at once. Where, we may never know. Maybe, as shown above, to equip a company of American Rangers marching up a railroad somewhere on the Mediterranean. Whether they come back depends upon the equipment we send. Give your dollars action: Buy More War Bonds.

and cushions them against the inevitable rough handling. Many persons have become calous to appeals based on big figures since the outbreak of the war. One reads daily about billions of dollars being spent, millions of this or that being needed. So let's put it another way: Your boy or your neighbor's boy overseas, poised for the invasion, needs six tons of supplies packed in pulpwood. How many cords are you going to cut for him?
