Cpl. J. I. Mauney Graduates

Cpl. James Irvin Mauney, son of Mrs. W. I. Mauney of Route three, was graduated last week from the Army Air Forces Flexible Gunnery School, Laredo Army Air Field, Laredo, Texas, a member of the AAF Training Command. He is now qualified to take his place as a member of a bomber crew.

Along with his diploma, he received a pair of Aerial Gunner's silver wings and a promotion in grade at brief graduation exercises held here.

He was prepared for his place in America's stepped-up air offensive by a comprehensive six weeks course in every phase of aerial gunnery warfare. Besides learning to fire every type weapon from camera guns to the deadly caliber .50 Brownings, he studied turret manipulation, aircraft identification, stripping and reassembling of machine guns while blindfolded. To climaxed the course by air firing on towed targets.

"I am so glad to be able to agree with Mr. (Westbrook) Pegler on something he wrote," Eleanor Roosevelt.

Guyton Funeral Services Held Friday

Funeral rites for John J. Guyton, 69, were held at the residence here at 4:0 o'clock Friday afternoon with the Rev. W. L. Harkey officiating. Interment was Mountain Rest cemetery.

Mr. Guyton, a resident of Cleveland county for 40 years, died at his home here Thursday after a long illness.

Surviving are his widow, four daughters, Mrs. J. T. Todd, Mrs. Sula Bowers, Mrs. Leon Hamrick and Miss Lottie Guyton, all of Kings Mountain; four sons, J. R., Coley and Otto Guyton, all of Kings Mountain, and L. L. Guyton of Great Falls; 14 grandchildren, two sisters, Mrs. R. Rachel Ferguson of Gastonia and Mrs. J. G. Ellis of route 5, Shelby.

The War Department discloses that more than 2,000,000 men and 20,000,000 tons of Army cargo have been moved to 50 countries and U. S. islands possessions since Pearl Harbor.

The fig tree bears three crops a season.

—WHAT FARMERS WANT WHEN THEY BORROW—

FRIENDSHIP WITH LENDER

THERE'S an old saying "Business and Pleasure don't mix." Like many old sayings, it's not true. We wouldn't be in this banking business if we didn't get real pleasure out of working with you and other farmers. We value beyond price the friendships we have made, and we constantly try to cement our friendships still closer by giving honest, sincere service. We want to work with you, and we hope that you'll give us the chance.

WITH THE BOYS IN SERVICE

Dear Mr. Lynch: While sitting here on ship deck getting myself one of these beautiful Pacific sun tans, thought I'd write a few lines. The last letter I wrote I had not seen land. Well, I saw it last week end but we didn't get to put our feet on it, so now I am on my way again. I saw Australia, it is a beautiful country. I have met some of the boys who have been here quite sometime. The questions that they ask is, "How long do people in the U. S. figure the war to last? Is there much liquor left? Is there plenty of night girls left? And the prices of everything and thousands of other questions. I am now using Aussie money. I have been short changed already, but may be I'll learn to count it soon. The most interesting thing I noticed was boys asking to look at American money. So long.

John Styers
Somewhere in New Guinea

Dear Mr. Lynch:

I thought I would drop you a few lines to let you Know my address so I could receive the Kings Mountain Herald and to let you know how I like it here. Well, I haven't been here long enough to know yet but so far I know now I like it up here in old Kentucky, the Blue Grass State. I hope my friends in K. M. are having a good time what few is left—the most of them are in Service like myself.

I will sign off with all the luck in the world to you.

PRESENTED GOOD CONDUCT MEDAL

An Eighth AAF Fighter Station, England.—The Army Good Conduct Medal was presented to T/3 Charles W. Patterson of Kings Mountain, N. C., in a ceremony held at this Eighth Fighter Command P-47 Thunderbolt Fighter Station "Somewhere in England." The award was made by Lt. Col. Philip E. Tukey, Jr., of Cape Elizabeth, Maine, Commander.

The Good Conduct Medal is awarded for the completion of one year of active military service during a state of war to enlisted men who have demonstrated "fidelity through faithful and exact service, hird performance of duty, the capacity to produce the desired results, and whose tenor for has been such as to deserve emulation."

An estimated 1,200,000 boys and girls under 16 will work on U. S. farms in 1944

State College Hints To Farm Home Makers

(Ruth Current N. C. State College)

Do you keep your teeth and mouth clean by frequent use of dentifrice and mouth wash?

Do you air your dresses and shoes after wearing them and before placing them in a closet with other garments?

Always brush off your collar after combing your hair.

Make an effort always to keep your nails clean. Keep from biting your finger nails.

Always carry a clean fresh handkerchief.

Always wash your hands and freshen up before eating.

Consider the weather before you buy. Clothing experts advise, as a rule, concerning wartime wardrobes: Must be in the nature of a classic, so that it may range over past and present with a fair chance of being in style for two years or more; must be suitable for all occasions for which it is intended; must be comfortable; must be adaptable to changes in weather.

Vegetable oil extracts give a quicker and lasting flavor to cakes and cookies than the ability to the fat when it is being creamed. Home economists give us this information after recent mixing and baking tests. Most flavoring extracts are essential oils which combine with and are held in by the fat. Flavoring should be put in with the fat instead of being added last, as most recipes direct.

Property Collect Diseased Plants

Diseased plant specimens that are sent to State College for a diganosis of the disease and recommendations for control should be carefully collected and properly mailed, says Howard Garrin, Extension plant pathologist.

With the limited personnel it is almost impossible to take care of all the specimens and he job is made more difficult by improper collection and mailing of these specimens.

Garrin suggests that growers obtain the roots, stems, and leaves of the plant where possible, because an abnormal condition of one part of the plant may be due to affected tissue in other parts.

Also a representative group of plants should be collected, showing the progression of the disease. Plants that appear healthy should be collected.

Specimens should also be kept separate from [illegible]
