BILL HOLLAND

**Holland, Horn To Race Sunday**

CHARLOTTE. — Ted Horn, champion of the nation's race drivers, will be among the zooming stars entered for Charlotte's second big program of professional AAA auto races this year Sunday afternoon at the Southern States Fair Grounds. The initial bill on June 13 attracted an overflow crowd of 19,000.

Sam Nunis, race director, has another nerve-chilling card of seven events listed, the feature and final race being a 30-lap grind, or five laps more than the main event of June 13. Qualifying time trials begin promptly at 1:30 and the opening race starts at 3 o'clock.

With Horn and several other stars added to the great field that previously raced here, Sunday's starters will comprise the greatest collection of Indianapolis "500" and dirt track drivers ever to race on a half-mile track in the South.

Other well known entrants include Bill Holland second at Indianapolis two years straight; Lee Wallard, seventh in the 500 this year, Tommy Hinnershitz, ninth this year; Walt Brown, Tommy Mattson, Fred Carpenter, Hank Rogers, Len Koenig, Dutch Culp, Speed Morelock, Carl Ott, Al Fleming and Mark Light, winner of the previous feature race here.

Three 10-lap qualifying heat races, a 10-lap consolation event and a special three-car match race will be run between the time trials and feature race Sunday afternoon. The big turnout at the earlier meet has prompted the management to arrange for the accommodation of several thousand more fans in the lake infield and outside the backstretch. Over 4,000 individual seats are available in the covered grandstand.

**The Leading Cotton State**

The state of Texas leads all the other states in the Union in the production of cotton. It also holds first place in output of grain sorghum, onions, pecans and produces large quantities of many other agricultural products.

An exhibition softball game played by crew members of the Navy ships USS Johnston, USS Rush and USS Fresno on their recent goodwill visit to Dublin, Ireland, raised 1,091 pounds (about \$4,364) for Irish charity.

**Small Grain Contest Plans Almost Complete**

Plans are almost complete for the big small grain contest to be held this fall for North Carolina farmers, according to Dr. E. R. Collins, in charge of Agronomy for the State College Extension Service.

In this latest contest, farmers will compete not for cash prizes but for the chance to spend some of their own cash, says Dr. Collins. Township winners in both the oats and wheat contest will have first chance to buy six bushels of two new varieties of wheat being released to the public in the fall of 1949.

NC 5450 and NC 5466, varieties especially adapted to the Coastal Plain and Piedmont, are the prizes at stake. Farmers who saw the small grain demonstration this past spring at Mt. Gilead, Forsyth county Farm and the Statesville Branch Experiment Station will recall these two as the leading varieties. NC 5450 is especially noted for its stiff straw which keeps it erect long after other varieties have broken or lodged.

W. T. Moss, of Youngsville, president of the North Carolina 100-Bushel Corn Club, has announced that his group will aid in forming a 50-bushel Wheat Club and a 100-Bushel Oat Club after the harvest next year. Mr. Moss will preside over corn and soybean discussions at Farm and Home Week this August. At that time, the wheat and oat contests will officially open.

In addition to their chance to buy seed of the new varieties, township and county winners in the small grain contest will be awarded lapel buttons and certificates. State champions will be crowned and the certificates awarded at Farm and Home Week next year.
