Dr. Richards Speaks To Central Students

By Hunter Warlick
Dr. J. McDowell Richards, president of the Presbyterian Theological Seminary in Decatur, Ga., and a former Rhodes scholar, addressed the student body of Kings Mountain high school Wednesday morning.

Dr. Richards, who is speaking at a series of services at the Presbyterian church this week, spoke on the "Choices that Must Be Made in Life."

He stated that a person must choose between accomplishment and ease and that in so doing he must choose between good and bad.

In stressing the importance of choosing the right friends, Dr. Richards, quoted from Ulysses by Alfred Tennyson: "I am a part of all that I have met."

He added that people must choose between the way of selfishness and the way of Christ.

In conclusion the doctor stated that there are three final choices that people must make during life, and that people must choose between three ways. By taking the highway, they may climb to the summit, they may take the low way and grope through darkness, or they may join the greater body of people and drift along a middle path, he declared.

Safety Leaders Shoot For New Low

RALEIGH. — A new low in traffic accidents is the goal of safety leaders and city officials who are urging public cooperation in a continuing campaign call "Operation Safety."

This January marks the beginning of the second year of a continuing traffic safety education program being carried on simultaneously in cities and states throughout the country. In North Carolina, "Operation Safety" is under the direction of the Department of Motor Vehicles.

"Operation Safety" is a national program for which information and materials are supplied by the National Safety Council. It is a program in which civic groups, schools, radio stations, newspapers, and churches cooperate to promote traffic safety.

Each month a different phase of traffic safety is covered by "Operation Safety". The themes for the next 12 months are as follows:

- January—Winter Driving Hazards.
- February—Learn And Obey Traffic Laws.
- March—Driver Responsibility — Children.
- April—It Can Happen To You.
- May—Vehicle Maintenance.
- June—Observance of Signs and Signals.
- July—Speed Control.
- August—Courtesy and Defensive Driving.
- September—Child Safety.
- October—Night Driving.
- November—Pedestrian Safety.
- December—Holiday Hazard.

The cities of Jacksonville, Tampa, and Miami, Fla., are leading ports of foreign trade.
