

Brownie Scout No. 14 Give PTA Program

On Tuesday evening, March 15, the PTA of West school observed Father's Night with a most impressive program presented by Mrs. James B. Simpson's Brownie Scout Troop No. 14.

Linda Biser called the meeting to order. Peggy Craig conducted the devotional. Norma Kay Hamrick, as secretary checked the roll. The Brownie program was explained by Becky Thornburg. Ann Falls discussed the Brownie Promise. Polly Page told of the Investiture Service when the Brownies were presented with their membership pins. Jeanne Plonk described the note book which each Brownie had been working on. Helen Faye Morrison explained the proper procedures used by Brownie Scouts in electing officers for their troop. Roberta Stender led the group in singing "My Bonnie Lies Over the Ocean" and "Dixie," these being favorites of adults as well as Brownies. Judy Cox opened the discussion on Educational Visits Made by the Troop. Jane Thomson described the visit through the City Hall. Rebecca Blanton told of the visit through the Herald office. Guy Ann Henderson explained how ice was made and crushed for use. Becky Brandon explained the trip through the cotton gin. Martha Houser told how cotton oil is made. Pat Alexander told about the play "Jack and the Beanstalk" which the troop presented in December, both at West and Central schools. Jackie Dixon described their experience while learning to sew on button snaps and making aprons. Judy Cooper told so very impressively the Brownie Story. The meeting was then turned over to Mrs. Simpson, who spoke of the work being planned for her troop. Mrs. Simpson then appealed for support in order that the Scouting program be made more effective and more interesting to all girls.

Mrs. Phillip Baker presided over the business session. A committee was appointed to elect officers for the coming year. This committee will make a report at the April meeting. Parents, teachers and guests were invited to the lunch room where home made cookies and punch were served by the Brownie Scouts wearing the aprons which they made by hand, to protect their uniforms.

Man Bound Over Under \$2,000 Bond In Court

Four cases were heard and several others continued in action at regular weekly session of City Records court held at City Hall Monday afternoon.

Probable cause was found against Sherman Wright, charged with attempted breaking and entering, and the case was transferred to Cleveland county Superior court. Wright was placed under a \$2,000 bond.

He reportedly attempted to force entry into the home of Mrs. Virle Hamrick, Cora mill, and was arrested on a warrant dated March 1st. Police said the man, who was drunk, told them he thought he was at his home, near Kings Mountain airport, and was trying to get in. The two parties were strangers according to police, neither having ever met the other.

Wright was found guilty on a charge of public drunkenness and was ordered to pay \$10 and costs.

William Bush, charged with no support, was given a 12-month suspended sentence provided he contribute to the support of his wife and children.

One defendant paid a fine after conviction on charges of public drunkenness.

New Plymouth on Display

Plymouth's new special deluxe is featured above. Brilliant new styling is combined with outstanding riding comfort, increased roominess, and sweeping mechanical improvements in the new line of Plymouth automobiles.

Completely redesigned, the new Plymouth has a longer wheelbase for a better ride and more road stability, but less front and rear overhang for easier parking and "gauging." While the silhouette has been lowered and the width decreased, there is more head and leg room and seats are wider. Typical of Plymouth's many refinements is the ignition-starter combination, with which a turn of the key starts the engine.

The new Plymouths are sleek in appearance. New rear-end styling provides a graceful balance with the horizontal grille lines which emphasize the broadness of the front. Fenders which blend perfectly into body lines are nevertheless separate and detachable, thus avoiding sheet metal panels so costly to repair or replace.

The new Plymouth line includes nine distinct automobiles. Special deluxe and deluxe types are on a 118-inch wheelbase, one inch longer

than last year's. Special deluxe models are four-door sedan, club coupe, convertible club coupe and station wagon. In the deluxe group are the four-door sedan and the club coupe. In addition, Plymouth will build three deluxe models on a brand new 111-inch wheelbase, a two-door sedan, a three-passenger coupe, and a new body type, the Suburban.

The 97-horsepower engine has improved performance and efficiency with a new design cylinder head which increases compression ratio to 7 to 1. A new chrome plated compression piston ring reduces cylinder wear and provides greater protection during the break-in period. There are improved oil rings for greater oil economy, while a newly-designed intake manifold induces quicker, smoother engine warm-up and produces faster throttle response.

Body styling which produces greater passenger room without excessive bulk also increases visibility. V-type windshields have 37 percent more area and provide excellent vision without distortion. Windshield wipers clear 61.5 percent greater area and the rear window is 35.4 percent larger.
