

Pioneer Area Girl Scouts Summer Camp Entry Deadline Falls May 23

Girls Scouts of the Pioneer area (Cleveland, Gaston and Lincoln counties) are reminded by area officials today of the approaching deadline for getting applications for summer camp at Camp Rotary to the Girl Scout office in Gastonia.

After May 23 applications will be accepted from non-Scouts and girls outside the area if vacancies exist. It was pointed out that Girl Scouts will also be accepted after May 23 but their applications will receive no preference over other girls. Registration fees of \$5 must accompany applications.

There will be six sessions of Girl Scout camp at Camp Rotary this summer beginning June 20 and lasting through August 14. The first two weeks will be devoted to two sessions for Brownie Scouts. The third and fourth sessions will each be two weeks in length for Girl Scouts. The two final sessions will be one week each.

At Camp Rotary, which is located at the foot of Crowder's mountain near Gastonia, girls may discover their hidden talents by trying their hands at crafts, folk dancing, informal dramatics, singing and other activities.

In addition to the camping program at Camp Rotary, three day camps have been arranged within the area — at Merrifields in Shelby, at Cramerton and at Lincoln Academy, Kings Mountain, for Negroes.

Dates for day camp at Merrifields are July 12, 13, 14, 19, 20, 21, (first session), 26, 27, 28 and 29, (second session.) All applications with registration fees must reach the Camp Director, Box 373, Shelby, not later than June 27. A maximum of 50 girls can be enrolled for each session.

Two sessions will also be held at

Cramerton in a wooded area adjacent to the Cramerton gymnasium. The first session will be held June 21, 22, 23, 28, 29 and 30, and the second session will be held July 12, 13, 14, 19, 20 and 21. Registration will be open to Girl Scouts until June 1.

Day camp for Negro Scouts will be held at Lincoln Academy June 20-23. It is operated by the Negro sponsoring committee under the supervision of the Gaston county Girl Scout association, but is open to Negro Scouts throughout the area. Applications and registration fees must reach Girl Scout headquarters in Gastonia not later than June 10.

At day camp Scouts hike, sing, play, work at crafts and outdoor cooking.

Applications for either day camp or Camp Rotary should be made as soon as possible.

Corn War Trophy Goes On Display

North Carolinians had their first chance last week to see the challenge trophy which is at stake in the "Corn War" between the Old North State and Virginia.

A window display featuring the trophy and pictures of Governors Scott and Tuck was placed on exhibit in Raleigh Wednesday morning. This week it is being shown in Troy, Montgomery county.

Frank Daniels of Raleigh, chairman of Governor Scott's corn contest publicity committee, said the display will be exhibited in Asheboro, Randolph county, during the week of May 16; in Marion, McDowell county, the week of May 23; and at fertilizer dealers' meetings in Asheville, Asheboro, Fayetteville, Tarboro, and Elizabeth City during the week of May 30.

The display was prepared by the National Fertilizer Association, which is donating the 30-inch-high trophy to the winning State. The exhibit includes the challenge by Governor Tuck, the acceptance by Governor Scott, and pointers on "what it takes to win" and "what it means to win." Photographs are used to emphasize that bigger corn yields will mean more milk, poultry, pork, and beef at less cost.

The trophy consists of a silver cup topped with a nine-inch golden ear of corn. It will be awarded to the State which shows the greater increase in its 1949 average corn yield as compared with the average for the period 1937-46.

National average support prices of 49 cents a bushel for 1949 crop oats, \$1.27 for rye, \$1.09 for barley, and \$2.09 per 100 pounds for grain sorghums have been announced by the U. S. Department of Agriculture.

Livestock breeders in the United States imported nearly 40 percent more purebred animals during 1948 than in 1947. The majority of the importations were from Canada.

Alfalfa Subject Of New Bulletin

Fertilization is the key to successful alfalfa production.

That's one of several important points brought out in a bulletin on "Alfalfa Production" which has just been reprinted by the State College Extension Service.

The authors of the bulletin, Agronomists S. H. Dobson and R. L. Lovvorn, point out that even the best soils require fertilization to maintain a good stand and produce a good yield over a period of several years.

Dobson and Lovvorn emphasize that hay is needed in any balanced feed program and that alfalfa, "king of the hay crops," can be grown successfully in North Carolina. Alfalfa they say, is rich in proteins, minerals, and vitamins A and D, and is especially good for dairy cattle and all types of young growing stock.

The publication gives detailed information on soil selection, liming, fertilization, seedbed preparation, seeding, cutting and curing, and management.

Persons desiring a copy of "Alfalfa Production" may obtain one from the local county agent or by writing to the Agricultural Editor, State College Station, Raleigh, and requesting Extension Circular No. 307. There is no charge.

Certified Corn Seed Available For "War"

Piedmont and Coastal Plain farmers who have not purchased their seed corn can still obtain certified hybrid seed which will help win the North Carolina - Virginia corn pro-

duction contest, says Dr. R. P. Moore, director in charge of the North Carolina Crop Improvement Association.

The supply of Dixie 17 is still fairly plentiful, Dr. Moore states, and limited amounts of N. C. 26, N. C. 27, and N. C. 1032 are also available.

Farmers desiring certified seed of these hybrids should see their local seedsmen or write the Crop Improvement office, State College Station, Raleigh, for information.

The outlook for exports of dairy products in 1949 indicates that foreign countries will take about the same amount as in 1948.

ARE YOU PROTECTED?

Do you have sufficient fire insurance to cover the loss if your home should suddenly burn to the ground? If not, you should give us a call today. You can't afford to do without sufficient fire insurance.

You'll be pleasantly surprised —

AT THE LOW COST OF AN EXTENSION TELEPHONE

Do you know you can have an extension telephone in your home for only a few cents per day?

The cost is mighty small when you consider the many advantages an extension telephone provides for the home and family. It saves time and steps, affords privacy on the telephone,

protection in an emergency. It makes your telephone more valuable by increasing its usefulness.

All you have to do is call the Telephone Business Office and say: "I'd like to have an extension telephone installed." Why not order yours today?

Orders for main telephone service are sometimes delayed because of shortages of central office and other equipment, which are not involved in the installation of extension telephones.
